**Additional Comments:**

The result of this ban would not only further diminish the liveyhood of many Molokai residence, it would also end many participants from competing in the much loved state and world wide races across the Molokai channel. It is sad that the kaluakoi resort and Molokai ranch could not survive and has become so run down. You should respect the owners of The units which remain open and are available for short term rent, as these owners have suffered greatly by the general decline of the area. Molokai has been healing from a well earned reputation for not wanting tourist or people from Oahu. Passing this ban will only be one more setback to the community and increase the desire young people have to leave the Molokai since there is not much opportunity and a bleak future.
