**Additional Comments:**

I go to Molokai many times a year for water sport activities and many times w/ groups. Having a large house for over 6 people is a necessity for our trips, otherwise we will have to go other islands instead. The tourist industry is a clean income for many island folks when regulated & done properly, to ignore this will force economic hardship on many residents forcing them to sell to outsiders.

Thanks for serving our interests!

**Additional Comments:**

Legally permitted short term rentals generate revenue for the State. It's a no brainer in my opinion. Stopping short term legally permitted rentals will have a negative impact on many locals who depend on these places to stay while visiting outer islands.
