I don't understand why you would turn away. Guaranteed revenue for your island. It's one week of business for all the locally owned and operated grocery stores, homeowners, and shops in your community. Why you would turn people away. Is beside me? I don't get it. These are your races too. Your name is attached to each individual that participates. Why would you make it even harder for your racers to attend your event.

Stop infringing on the rights of homeowners. If it's 1 day or 365 days, it shouldn't be anyone ones business. If it's loud or disturbing people then fine the people that are currently in the place. Just like you would if it were long term tenants or home owners causing the disturbance.

I love the fact that the island of Molokai is evolving to lead the way in renewable and sustainable living, the rest of the world should pay close attention, but I don't think removing short term rentals is the way to go, with the additional exposure of molokai's way of life presented to travellers to learn and take with them what is possible with lowering there own impact on a struggling environment, with assisting with local income that may be put back into Molokai island

**Molokai because they provide an income for property managers, housekeepers, landscape and maintenance workers.**

**I support legally permitted Short Term Rental Homes on Molokai because they provide an income for our local retail and grocery stores, restaurants, gas stations and Saturday market vendors.**

YES

**I support legally permitted Short Term Rental Homes on Molokai because they provide an income for our local tourism activity providers, rental car companies and airlines.**

YES

**I support legally permitted Short Term Rental Homes on Molokai because they provide critical County and State tax revenue that pays for the many Maui County and State of Hawaii services and programs that benefit Molokai families.**

YES

**I strongly disagree with the Molokai Planning Commission's recommendation to stop all Short Term Rental Homes on Molokai as it would have a negative cumulative effect on the island's economy and well being.**

**Additional Comments:**

Further eroding the islands economic base will have ramifications far beyond just those who provide short-term rentals. Without tourism, which the MPC recommendation would effectively destroy, you will also severely restrict air options for residents to/from Molokai.
