Alice L. Lee, Chair
and Committee Members
Water & Infrastructure Committee
Maui County Council
Wailuku, Maui, Hawaii

Re: Ordinance No. 4255

Dear Chair Lee and Committee Members:

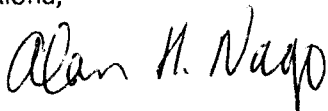

I am Alan Nago, a third-generation farmer in Kula. My family is in the process of subdividing the property into a two-lot family subdivision for estate planning purposes. This is the only way my wife and I are able to help provide a home for our daughter and her husband here on Maui.

We have received preliminary subdivision approval and have submitted plans for final approval. We have already conveyed a portion of our property frontage to the County for potential future road improvements, have submitted construction plans for water meter relocation, and are adding a new fire hydrant for additional fire improvements. Our family has invested a great deal financially into this project. We, like so many other local folks here on Maui, are just getting by and are only trying to ensure that our family can remain living here on the island.

We therefore fully support Chair Lee's amendment to Section 18.20.040 relating to improvements to existing streets which will allow our subdivision to move forward without incurring additional costs to the project.

Thank you for your consideration and support.

Aloha,

Alan H. Nago
