Proposer: Councilmember Tamara Paltin JP

- 1) Including "Kukuia" in the name of the project; and
- 2) Indicating the placement and verbiage of plaques recognizing the historical significance of the land.

The developer must also place plaques recognizing the historical significance of the land placed at each community center, each manager residence, and all entrances and exits. The plaques are to read as follows: "This complex sits on Crown Lands that were set aside for the use and control of the Hawaiian royalty by King Kamehameha III during the Great Mahele in 1848. In 1893, the Hawaiian Kingdom was illegally overthrown. Please be respectful of the history and cultural significance of this site and all ceded lands throughout the State of Hawaii."

Effect: Specifies language for the project name and commemorative plaques.

Reasons: To clarify the requirements placed on this proposed development.
