Honorable Alice L. Lee, Chair  
and Members of the Maui County Council  
200 South High Street  
Wailuku, Hawaii 96793

Dear Chair Lee and Members:

Our County departments and Budget Office spent many months planning, analyzing and developing a forward-thinking, fiscally responsible Fiscal Year 2021 budget to support the future of the children, families and seniors of the County of Maui. During the finalizing of this budget, our County was faced with great uncertainty due to the international COVID-19 pandemic reaching our islands. It is difficult to estimate the extent of economic impacts to our State and County, as the situation is evolving quickly. We must take repercussions seriously and plan conservatively.

The well-being of the People of the County of Maui is the top priority for FY 2021 and during this pandemic. Our families must focus on taking care of each other instead of worrying about increased costs for County services. Therefore, this budget does not propose any rate increases, across the board, for any County services such as water, sewer, and refuse collection and landfill. Real property tax rates make working families and local businesses our top priorities, providing lower tax rates than this current fiscal year for owner-occupied, commercial, industrial and hotel categories.

As an organization, we are committed to maintaining vital County services for our community and providing emergency relief. To accomplish this, \$10 million in Countywide Costs is set aside specifically for COVID-19. We are also allocating \$3.8 million to our Emergency Fund, to ensure we are ready to mitigate and respond to any emergency without impacting funding for other services. Planning responsibly during these times of uncertainty will ensure we are able to provide for our community now and for future generations. Recent events highlight the importance of sound investments today, to ensure a safe County tomorrow.

Even when faced with unprecedented challenges, our County departments and my

administration envision a future where our children, grandchildren and seniors can afford to live and thrive in Maui County, while fostering and preserving our unique island culture.

### ***Housing***

We reaffirm our commitment to ensuring our working families can fulfill homeownership dreams through a 5 percent appropriation for the Affordable Housing Fund and \$3 million for the First Time Home Buyers Program. Many local families will also accomplish home-ownership dreams thanks to \$14 million for the Waiale Land Acquisition for affordable housing. As we continue to support attainable housing, we enable generations to come to raise their families in Maui County and carry on our way of life. This is the driving force for our FY 2021 attainable housing investments.

### ***Culture***

The children of our community will preserve Hawaiian heritage, culture and tradition through lessons learned in new facilities for hula and land-based cultural education, thanks to grant funding for Halau Ke'alaokamaile. In FY 2021, \$250,000 will go towards a building fund capital campaign, to construct an innovative, first-of-its-kind community facility.

### ***Parks and Recreation Facilities***

Our youth will continue to develop valuable life-skills through teamwork learned on the courts of the War Memorial Gym, where an \$11 million investment will repair the structure, replace gym flooring and bleachers, and, most importantly, install air conditioning. The keiki of Lanai will have a well-maintained place for afterschool programs for many years to come thanks to \$1.1 million for a new roof at the Lanai Gym. Recreational space for all ages will also be maintained on Molokai through \$250,000 to assess the Kaunakakai Gym for future improvements.

Future generations will throw their baby luaus at our renovated community centers, such as the Lahaina Civic Center, Paia Community Center and Velma McWayne Santos Community Center, which will all be rehabilitated this fiscal year. County services will be easily accessible in East Maui for years to come, thanks to \$2.85 million for Old Hana School improvements.

### ***Infrastructure***

We envision that even our great-grandchildren will water their gardens and drink from the potable sources we upgrade and maintain now, such as the Wailuku Water Company infrastructure and the life-sustaining fresh water it will provide from Na Wai Eha. \$2.5 million has been appropriated for maintenance for this system, and we look forward to partnership with the State on this project.

In essence, when we upgrade infrastructure, support well-planned development, and renovate our park facilities, we create communities that future generations will be proud to call home.

Families will drive their keiki to school on the roads we build and improve, including the Waiale Road Extension, for which we are making a \$2 million investment. \$1.93 million invested in the Countywide Traffic and Safety Program will ensure our roadways are accessible and safe for motorists, bicyclists and pedestrians alike, which further supports our Vision Zero initiative – a future where families don't lose loved ones to vehicle accidents.

### ***Public Safety***

Thanks to the increased efforts of our Maui Police Department, traffic fatalities have decreased to two, compared to seven this time last year. With an additional expansion position for an OUI Police Officer, I am optimistic we can continue to make our roads safer and prevent future tragedies.

We will continue to protect our community with the Prosecuting Attorney's \$1.5 million investment to fully renovate and create the new Children's Peace Center. This will be a comprehensive, compassionate location to help bring peace to children who are the victims of crimes.

### ***Climate Action***

Our dreams for the next generations cannot be assured unless we take action now to mitigate the impacts of climate change. To ensure collaborative action, I have proposed a program within the Office of the Mayor to coordinate and assess the climate action, sustainability and resiliency plans of each department. \$2 million in Countywide Costs will be used to put each department's plans in motion.

This proposed budget funds our future based on the Maui County General Plan, the

Countywide Policy Plan, Maui Island Plan, and Community Plans. Through our FY 2021 budget, we strive for an affordable, healthy, and thriving community; a strong diversified economy; an environmentally responsible and sustainable community; well-planned public infrastructure, and a prepared, safe, and livable County.

### **Financial Overview**

Maui County's strong fiscal management has earned ratings of AA+ and Aa1 from the three qualified bond rating agencies, Standard and Poor's, Moody's and Fitch. The proposed budget for FY 2021 totals \$956.5 million, including revolving and special funds, transfers between funds within the County, and expected grant revenue and other revenue from sources outside the County. The FY 2021 total estimated revenues from county sources is \$869.8 million (including Bond/Lapsed Bond Funds) or \$784.2 million (excluding Bond/Lapsed Bond Funds), an increase of \$46.4 million or \$46.6 million, respectively, from the FY 2020 Adopted Budget.

The proposed revenues from County funds of \$869.8 million will fund an operating budget of \$704.2 million and capital improvement budget of \$165.6 million. In comparison, the FY 2020 adopted budget revenues from County funds of \$823.5 million funded an operating budget of \$670.7 million and a capital program of \$152.8 million.

Debt allows our County government to invest in infrastructure to serve our community for the long-term. This year, the amount required to service our debt payments amounts to \$53.4 million, which is 6.1 percent of County Fund operating expenditures, well below our self-imposed limit of ten percent of expenditures of County funds. This responsible fiscal management has earned us the best ratings in the State, and provides stability for future infrastructure investments.

Part of planning for a sound future means fulfilling our mandated obligations. We fulfilled our Employee's Retirement System (ERS) obligations and provided \$18 million for Other Post-Employment Benefits (OPEB).

### **Key Operation Highlights**

Given the seriousness of the current COVID-19 public health emergency, the proposed budget focuses on maintaining operations without significant operational expansions. The total appropriation of County funds for the proposed FY 2021 operations budget is \$704.2 million. This is an increase of \$33.6 million, or 4.7 percent, from the current fiscal year.

The proposed budget shows a modest increase of 2.5%, or 69.0 in equivalent personnel, from all sources of funds and 68.0 E/P in County sources of funds. A detailed summary of organizational changes and equivalent personnel can be found in the Budget Overview section of this program budget document.

In the coming year, our numerous community non-profits will continue to provide essential services for the members of our community most in-need. For example, Imua Family Services will empower generations of children and families to reach their full potential through a \$500,000 grant for a facility for children with developmental learning challenges. Similarly, the YMCA will use grant funds to make a long-term capital investment for facilities for our youth.

The Department of Finance's operating budget includes costs for operations at the new County Service Center in Kahului. The opening of this facility in FY 2021 signifies the start of a new age of County services, with a focus on accessibility and satisfaction of residents as customers. For many years to come, members of our community will visit the County Service Center to pay their real property taxes, take their first driver licensing test, and receive permits for their family homes.

Given the impacts of the COVID-19 outbreak, it is more vital than ever that we provide funds to Maui County Visitor's Association to ensure our main economic engine, tourism, is providing livelihoods for our residents and tax revenue to help fund essential services. \$3.5 million will be allocated to this organization in FY 2021 to help mitigate economic downturn.

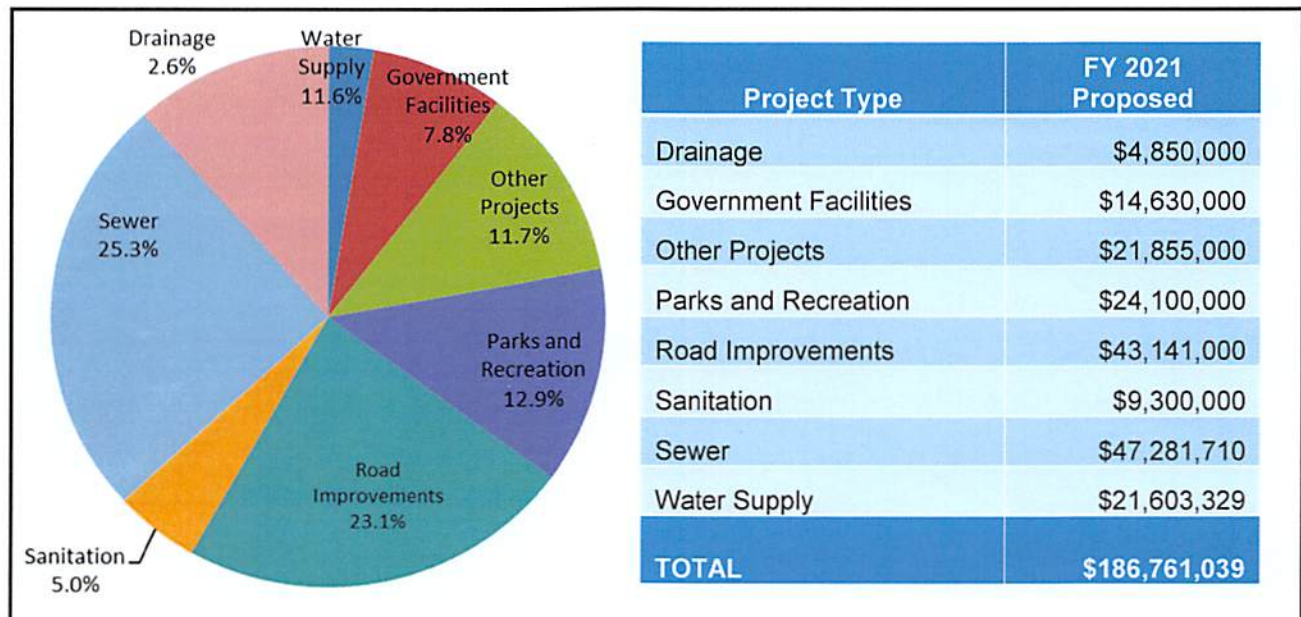

### **Capital Improvement Program Overview**

Capital Improvement Projects are tangible investments for the future of our community. Many projects mentioned above are CIP priorities for FY 2021. The Fiscal Year 2021 proposed Capital Improvement Budget is \$186.8 million. This total includes capital projects funded through the county, grants and other revenue funds. The FY 2021 CIP budget includes \$85.7 million of projects funded through bond funding, or 45.8 percent of capital projects. In comparison, 51.8 percent of capital projects were funded through general obligation bonds in FY 2020.

Our FY 2021 budget emphasizes the importance of investing in a diverse range of infrastructure and facilities projects to provide for a well-rounded, well-maintained future for our community. The chart and table below outline the FY 2021 capital

improvement projects by project type. Further details and a full list of projects can be found in the capital budget portion of this document.

## Revenue Overview

The total estimated revenues proposed for FY 2021 is \$956.5 million, a \$60.8 million, or 6.8 percent increase from the FY 2020 adopted budget. A real property tax revenue increase of \$17.5 million is largely attributed to property valuation increases.

The estimated revenue from real property tax is \$375.5 million (net of circuit breaker tax credit), which represents 75 percent of the total estimated General Fund revenue, and 47.9 percent of estimated total county revenue. Real property tax revenue is based on valuations of real property with tax rates assigned to each classification. My proposal for the rate structure does not include any increases, with decreases for owner-occupied, commercial, industrial and hotel categories.

Councilmembers, I appreciate collaboration and a commitment to fiscal responsibility as we respond to uncertainties in our island communities. I strongly believe that with responsible, diligent planning and investment we can provide essential services to our residents during emergencies while also laying the foundation for a healthy, thriving community for generations to come.

Sincerely,

MICHAEL P. VICTORINO

## GENERAL BUDGET PROVISIONS

**SECTION 5. E/Ps and LTAs.** An "E/P" or equivalent personnel is the decimal equivalent of a full-time position. A full-time position is equal to 2,080 scheduled hours of work during the fiscal year. All positions are computed as an equivalent of 2,080 scheduled hours of work; 1.0 E/P equals 2,080 hours. This method of computing the number of authorized personnel in a department or program shall not be construed to grant to an incumbent in a position any rights beyond those provided by law or collective-bargaining agreement. All positions shall be identified by an E/P designation. Disbursement shall be limited to the total number of E/Ps identified in a program appropriation. Any transfer of E/Ps from one program to another shall be approved by ordinance.

"LTA" or Limited Term Appointment means an appointment that is made from an eligible list or through a non-competitive promotion, transfer, or demotion for a specified temporary period.

**SECTION 6. Salaries and premium pay.** Appropriations for salaries and premium pay may be disbursed within the pertinent office, department, agency, or program for the following:

(A) a temporary position to functionally replace a permanent employee who is on long-term leave or who has been temporarily assigned to replace a permanent employee who is on long-term leave; provided that disbursement shall be limited in duration to the leave of the permanent employee who is on long-term leave; and

(B) trainee positions for which there is an existing or anticipated vacancy and for which hiring and replacing is critical to continued operations, provided that funds are available.

**SECTION 7. A, B, and C accounts.** Unless otherwise provided herein, appropriations for each program may be disbursed for the following categories of use:

(A) salaries, premium pay, or reallocation pay;

(B) operations or services; and

(C) equipment;

provided that the disbursement is within the program and category of use for which it was appropriated.

Disbursement for salaries, premium pay, and reallocation pay shall include temporary assignment pay, overtime pay, night differential pay, hazardous pay, standby pay, emergency call back pay, reallocations, and reclassifications. Funds shall not be disbursed for reallocations and reclassifications that involve a change in supervisory duties and responsibilities until the County Council receives written notice setting forth:

(A) an explanation of the reasons for the change; and

(B) organizational charts showing the existing organization and the proposed organization of the department.

The County Council shall be notified of any reallocation or reclassification when a position is transferred from the blue-collar compensation plan, white-collar non-professional compensation plan, white-collar professional compensation plan, uniformed fire compensation plan, or uniformed police compensation plan to a different compensation plan. An explanation of any temporary assignment, temporary transfer, and temporary allocation that is expected to be in effect for more than 30 days shall be provided to the County Council. Receipt of written notice by the County Clerk shall constitute receipt by the County Council. Any amounts appropriated as County matching funds may be encumbered and disbursed for operations, services, or equipment. Furthermore, funds from the Countywide Self Insurance Program may be encumbered and disbursed for the replacement of motor vehicles and other equipment relating to insurance claim reimbursements.

Notwithstanding the foregoing provisions of this section, appropriations may be disbursed by a department to reimburse another department for work performed.

**SECTION 8. General obligation bonds.** General obligation bonds appropriated in this ordinance need not be authorized contemporaneously with this ordinance to be included as estimated revenues. Any increase or decrease in revenues or any increase or decrease in appropriations to any department or program, any transfer of funds from one department to another, or any transfer of funds within a department shall be made in accordance with law.

**SECTION 9. County and State laws.** All provisions of law contained in the Maui County Code and Hawaii Revised Statutes that affect the expenditure of the revenues from the rates, fees, assessments, and taxes herein adopted are incorporated herein and made a part hereof. All provisions of law limiting the expenditure of fund revenues are incorporated herein and made a part hereof.

**SECTION 10. Capital improvement projects.** Funding for capital improvement projects is appropriated as described in Appendix C.

**SECTION 11. Grant revenues.**

(A) The grant revenues, which include revenues from grants and revenues with restricted uses, set forth in Part I of Appendix A are expected to be derived by the County from Federal, State, or private sources during Fiscal Year 2021. These grant revenues are appropriated in the amounts set forth in Part I of Appendix A to the programs and uses identified therein; provided, that disbursement is conditioned on:

(1) receipt of a notification of grant award from the grantor, or receipt of notification from the grantor that the grant award will be forthcoming and that the County is authorized to incur costs pursuant to the grant award; and

(2) written notice to the County Council, to which a copy of the notification from the grantor is attached.

When a specific amount from a grant is appropriated for a specific position, the individual in that position shall be paid only the amount so specified during this fiscal year and no more, notwithstanding that the terms or rules and regulations of the grant may allow additional pay for the position. Unless specifically authorized, grant revenues shall not be used for salaries and personnel services for a County position.

(B) Subject to the requirements of this section, the Mayor is hereby authorized to execute any documents to receive and expend the funds for the grants and programs identified in Part I of Appendix A.

(C) Grant revenues derived during Fiscal Year 2021 that are not included in Part I of Appendix A shall be subject to Sections 12 and 13, as may be appropriate.

**SECTION 12. Additional grant revenues.** Whenever the County is notified that grant revenues are available from Federal or State sources for programs other than those identified in Part I of Appendix A, the County Council may authorize the acceptance of the revenues by adding the revenues to Part I of Appendix A. The following procedure shall apply:

(A) These grant revenues are deemed appropriated upon enactment of an ordinance adding the estimated revenues to Part I of Appendix A; provided, that disbursement is conditioned on:

(1) receipt of a notification of grant award from the grantor, or receipt of notification from the grantor that the grant award will be forthcoming and that the County is authorized to incur costs pursuant to the grant award; and

(2) written notice to the County Council, to which a copy of the notification from the grantor is attached.

(B) Subject to the requirements of this section, the Mayor is authorized to execute any documents to receive and expend the funds for the programs identified in the grant award.

**SECTION 13. Donations.** Whenever the County receives donations of money from private sources not provided for in Part I of Appendix A, the County Council may approve its acceptance and authorize its expenditure in accordance with Chapter 3.56, Maui County Code.

**SECTION 14. Special purpose revenues.** The special purpose revenues set forth in Part II of Appendix A are expected to be on hand as of June 30, 2020, or derived by the County during Fiscal Year 2021, from the programs or activities described in the Revised Charter of the County of Maui (1983), as amended, Maui County Code, or Hawaii Revised Statutes at the references set forth under A through Y therein. The balance remaining in each of the revolving or special funds as of June 30, 2020, is reappropriated to the particular fund. Revenues derived from the particular program or activities during the fiscal year shall be deposited into the applicable special purpose revenue fund. Expenditures from a fund shall be through appropriations set forth in Part II of Appendix A .

**SECTION 15. Fees, rates, assessments, and taxes.** The fees, rates, assessments, and taxes in Appendix B are adopted.

**SECTION 16. Schedule of concessions, leases, and licenses.** The schedule of concessions, leases, and licenses in Appendix B-1 is adopted.

**SECTION 17. Estimated funds.** The several amounts listed below are declared to be the estimated encumbered County funds as of June 30, 2020 and unencumbered County funds on hand as of July 1, 2020. The estimated amounts set forth in this section are shown in accordance with Section 9-3 of the Revised Charter of the County of Maui (1983), as amended. The actual amounts of any encumbered and unencumbered funds that the County will have on hand as of June 30, 2020, will be set forth in the Comprehensive Annual Financial Report.

Encumbered funds	\$190,769,680
Unencumbered funds (carryover/savings)	\$ 94,739,116

SECTION 18. For the purpose of this section, "County fund" excludes pension or retirement funds, funds under the control of any independent board or commission, funds set aside for the redemption of bonds or the payment of interest thereon, park dedication funds, or special purpose funds. In the event there are monies in any County fund that, in the judgment of the Director of Finance, are in excess of the amounts necessary for the immediate requirements of the respective funds, and where in the judgment of the Director of Finance, such action will not impede the necessary or desirable financial operation of the County, the Director of Finance may make temporary transfers or loans therefrom without interest to the Bond Fund or the Housing Interim Financing and Buy-Back Revolving Fund. The amount of such temporary transfers or loans shall not exceed the amount of general obligation bonds, state loans or notes authorized but not issued. At any time, the aggregate amount of such transfers and loans that shall be unreimbursed shall not exceed \$55,000,000. Monies transferred or loaned shall be expended only for appropriations from the Bond Fund or the Housing Interim Financing and Buy-Back Revolving Fund, which appropriations are specified to be financed from the sale of general obligation bonds or notes. The fund from which transfers or loans are made shall be reimbursed from time to time and in whole or in part, as determined by the Director of Finance, and shall be reimbursed from the proceeds of the sale of general obligation bonds, notes, or state loans, when and as issued. Within 30 days after the date each transfer or loan is made, the Director of Finance shall provide the following information to the County Council: (1) the amount of each transfer or loan made to date and the accumulated total; (2) the budgetary bonding authorization for each transfer or loan made to date; and (3) the time schedule for the sale of proposed general obligation bonds, notes or state loans proposed for reimbursement or repayment of each transfer or loan made to date. Proceeds of tax-exempt general obligation bonds, state loans or notes may be applied to reimburse or repay a transfer or loan that was used to fund public improvement costs paid before the issuance date thereof, so long as such expenditure was (i) not made prior to sixty (60) days before the County's adoption of a declaration of official intent to finance the public improvement or the approval by ordinance authorizing the project(s) to be funded with general obligation bonds, notes or state loans, (ii) not made more than eighteen (18) months prior to the issuance date thereof or the date the public improvement funded by the transfer or loan was placed-in-service, whichever is later, and (iii) not made more than three (3) years prior to the issuance date thereof, unless such cost is attributable to a "preliminary expenditure." For this purpose, preliminary expenditure means architectural, engineering, surveying, soil testing and similar costs incurred prior to the commencement of construction or rehabilitation of the public improvement funded by the transfer or loan, but does not include land acquisition, site preparation and similar costs incident to the commencement of acquisition, construction or rehabilitation of the public improvement funded by the transfer or loan. Preliminary expenditures funded with proceeds of tax-exempt general obligation bonds or notes may not exceed 20% of the issue of tax-exempt general obligation bonds or notes. The Budget Director shall

consult with the Director of Finance from time to time as to the timing and eligibility of accrued expenditures eligible for reimbursement by tax-exempt general obligation bonds or notes. The Budget Director will annually provide the Director of Finance with a list of capital expenditures to be financed from the proceeds of tax-exempt general obligation bonds, notes or state loans prior to their final inclusion in the annual budget of the County. Nothing herein will preclude the County from reimbursing temporary transfers or loans from taxable bonds or notes.

At the close of each quarter, the Director of Finance shall submit to the County Council a Combined Statement of Cash Receipts and Disbursements showing for each month for each individual fund the cash balance at the start of the accounting period, the cash receipts and disbursements during the period, and the cash balance at the end of the period. Within forty-five (45) days after the close of each quarter, the Director of Finance shall submit a separate report showing the accumulated balance of any fund or account which exceeds \$100,000, and which would be available for appropriation upon certification by the Mayor.

Within forty-five (45) days after the close of each quarter, the Director of Finance shall submit to the County Council a report of the Countywide capital improvement projects for which an appropriation has been made, that includes a breakdown of all expenditures made the preceding quarter and a brief description of each expenditure, by CBS number and project title. Furthermore, the Managing Director shall submit to the County Council a report of all capital improvement projects for which an appropriation has been made, that includes a brief description of the status of each project, and the estimated start and completion date of the project.

**SECTION 19. Establishment of accounts.** The Director of Finance is authorized to establish appropriate individual and separate accounts for receipts and expenditures except as otherwise provided herein. The Director of Finance is authorized to establish accounts for items of receipt and expenditures for the departments, agencies, or divisions as required by law to establish accounting and financial procedures under utility and other enterprise fund accounting.

**SECTION 20. Transfer of appropriations from countywide costs to a department.** The Director of Finance is authorized to transfer appropriations from programs under countywide costs to a department if:

(A) generally accepted accounting principles require the transfer to properly reflect the financial accounting of the department;

(B) the total appropriation transferred does not exceed the appropriation of the respective program in countywide costs; and

(C) the County Council is notified of the transfer with an explanation of the action. Receipt of written notice by the County Clerk shall constitute receipt by the County Council.

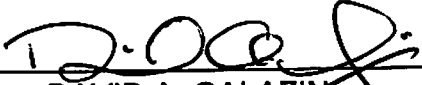

**SECTION 21. Penalties.** Whoever intentionally or knowingly violates this ordinance shall, upon conviction, be fined not more than \$1,000 or imprisoned not more than 30 days, or both.

**SECTION 22. Self-insurance coverage adjustment.** If a court of competent jurisdiction holds any appropriation in this ordinance invalid, the appropriation for the County's self-insurance coverage shall be adjusted to the extent necessary to maintain the equality of estimated revenues, proposed expenditures, and total appropriations, as required by Section 9-5 of the Revised Charter of the County of Maui (1983), as amended.

**SECTION 23. Severability.** If a court of competent jurisdiction holds any appropriation in this ordinance invalid, the invalidity does not affect other provisions or applications of the ordinance that can be given effect without the invalid provision or application.

**SECTION 24. Effective date.** This ordinance shall take effect on July 1, 2020.

APPROVED AS TO FORM AND LEGALITY:

The cost of issuance of the Bonds or any series thereof, including without limitation, the initial fee of paying agents and registrars, the fees of financial consultants and bond counsel, the cost of preparation of any Official Statement relating to the Bonds, any notices of sale and forms of bid and the definitive Bonds, and the costs of publication of any notices of sale, may be paid from the proceeds of the Bonds or any series thereof and such costs shall be allocated pro rata to each of the foregoing projects financed from such proceeds.

SECTION 3. Details of Bonds. The Bonds authorized for issuance and sale in Section 1 hereof shall be issued and sold in their entirety at one time, as a separate issue or as part of an issue of general obligation bonds of the County, or from time to time in part in series, as shall be determined by the Director of Finance to be in the best interest of the County; provided, however, nothing herein shall prohibit or be deemed to prohibit the issuance and sale of all or part of the Bonds contemporaneously with the issuance and sale of other authorized general obligation bonds either as part of the same series or as separate series. The Bonds shall be issued in fully registered form without coupons and in the denomination of \$5,000 or any integral multiple thereof. The Bonds of a given series shall be numbered in any manner as the Director of Finance shall determine. The Director of Finance is hereby authorized to determine, in

accordance with and subject to the provisions of the Constitution of the State of Hawaii, Chapter 47, Hawaii Revised Statutes, as amended or other applicable law and this ordinance, the series designation of the Bonds; the date of the Bonds; the principal and interest payment dates of the Bonds and the record dates of holders of the Bonds entitled to receive such interest payments; the maturity dates of the Bonds; the amount of principal of the Bonds maturing on each maturity date; the place or places at which the Bonds may be paid or registered, which may include the office of the Director of Finance; whether the Bonds shall be in book-entry form; and whether or not the Bonds shall be subject to redemption prior to their stated maturities and, if subject to such prior redemption, the provisions for such prior redemption, the premiums (if any) payable upon such redemption and the respective periods in which such premiums are payable.

SECTION 4. Redemption of Bonds. If any Bond (or portion thereof in installments of \$5,000 or any integral multiple thereof) is to be redeemed, notice of redemption shall be given in such manner as the Director of Finance shall determine. If any Bond shall have been duly called for redemption and notice of such redemption duly given as aforesaid, and if moneys for the payment of such Bond at the then applicable redemption price and the interest accrued on the principal amount thereof to the date of redemption are made or duly provided for by the County, interest on such Bond shall cease to accrue and become payable from and after the date fixed for redemption.

SECTION 5. Registration, Exchange and Transfer of Bonds. At all times during which any Bond of any series remains outstanding and unpaid, the registrar for such series shall keep or cause to be kept at its designated office bond registration books for the registration, exchange and transfer of such series of Bonds. Upon presentation at its designated office for such purpose the registrar, under such reasonable provisions as it may prescribe, shall register, exchange or transfer, or cause to be registered, exchanged or transferred, on the bond registration books the Bonds of such series as hereinbefore set forth. The bond registration books shall at all times be open for inspection by the County or any duly authorized officer thereof.

Any Bond of any series may be exchanged at the designated office of the registrar for such series of Bonds for a like aggregate principal amount of such Bonds in other authorized principal sums of the same series, interest rate and maturity. Any Bond of any series may, in accordance with its terms, be transferred upon the bond registration books by the person in whose name it is registered, in person or by such person's duly authorized agent, upon surrender of such Bond to the registrar for such series for cancellation, accompanied by a written instrument of transfer duly executed by the registered owner in person or by such owner's duly authorized agent, in form satisfactory to the registrar.

All transfers or exchanges pursuant to this Section shall be made without expense to the holder of such Bonds, except as otherwise herein provided, and except that the registrar for such series of Bonds shall require the payment by the holder of the Bond requesting such transfer or exchange of any tax or other

governmental charges required to be paid with respect to such transfer or exchange. All Bonds surrendered pursuant to this Section shall be canceled.

No transfer or exchange of Bonds shall be required to be made during the fifteen (15) days next preceding an interest payment date for such series of Bonds, nor during the forty-five (45) days next preceding the date fixed for redemption of such Bonds.

Whenever any Bond of a series shall be surrendered for transfer or exchange, the County shall execute and deliver at the designated office of the registrar for such series, and the registrar shall prepare and authenticate, and send by registered mail to the owner or new owner thereof at such owner's request, risk and expense, a new duly executed Bond or Bonds of the same series, interest rate and maturity and for the like aggregate principal sum registered on the bond registration books in such manner as the owner or transferee, as the case may be, may request.

**SECTION 6. Execution and Form of Fully Registered Bonds.** The Bonds shall bear the manual or facsimile signatures of the Director of Finance or the Deputy Director of Finance and the Mayor of the County and shall be sealed with the seal or a facsimile seal of the County. The Director of Finance may, at the Director's election, sign or direct the Deputy Director of Finance to sign such number of Bonds of any series as the Director of Finance shall determine and deliver such signed Bonds to the registrar for such series for safekeeping prior to the time such Bonds are actually issued, exchanged or transferred. Unless the Director of Finance is the registrar, the Director of Finance shall direct the registrar for the Bonds of a given series to authenticate such Bonds and no such Bond shall be valid or obligatory for any purpose unless and until the certificate of authentication endorsed on each Bond shall have been manually executed by any authorized officer of the registrar. It shall not be necessary that any Bonds which are manually signed by the Director of Finance, and for which the Director of Finance is the registrar, bear any such certificate of authentication. Upon the registration of any Bonds the registrar shall insert on such Bonds the date as of which such Bonds are registered.

Bonds may be printed, typewritten or otherwise produced. The form of the Bonds, the registrar's certificate of authentication and the instrument of assignment shall be substantially as follows with such appropriate insertions, variations, and omissions as are required with respect to a particular series of Bonds:

approve and determine to be in the best interest of the County. Without limiting the generality of the foregoing, with respect to the sale of the Bonds or of portions of the Bonds, the Director of Finance is hereby authorized to retain bond counsel, paying agents, registrars and financial and accounting consultants, upon such terms and conditions as the Director of Finance shall deem advisable and in the best interest of the County, to select the date for such sale, to publish and distribute a Notice of Sale or to enter into a contract for the sale of the Bonds or portions thereof, in each case in such form and containing such terms and conditions as the Director of Finance shall approve and deem advisable, to distribute an Official Statement and such other information relating to the Bonds as the Director of Finance may deem advisable, to receive bids for the sale of the Bonds or the portion thereof being offered and to award the sale of the Bonds or the portion thereof being offered to the bidder offering the lowest interest cost therefor, in accordance with the applicable Notice of Sale, if any; provided that the Director of Finance may reserve the right to reject any and all bids. Subject to the provisions of Section 3 hereof, without further action of the Council, the Bonds shall bear interest at the rates per annum as specified in the contract or contracts approved or in the bid or bids accepted.

The Director of Finance and all officials of the County are hereby authorized to take such action and execute such orders, receipts and other documents as may be necessary in order to effectuate the sale of the Bonds or any portion thereof, and, if any contract therefor be approved or any bid therefor be accepted, the preparation, execution and delivery thereof, in accordance with the provisions hereof and applicable law. Subsequent to the sale of the Bonds, the Director of Finance shall report the results of such sale to the Council by letter.

**SECTION 8. Authorization of Bond Anticipation Notes.** General obligation bond anticipation notes are hereby authorized for issuance and sale by the Director of Finance in anticipation of the issuance and sale of the general obligation bonds authorized herein. The issuance and details of the notes shall be governed by the provisions of Section 47-16, Hawaii Revised Statutes, as amended. Bonds in anticipation of which bond anticipation notes are issued pursuant to this section may be issued and sold in accordance with the provisions of this ordinance at any time within five years of the date of issuance of the first notes issued in anticipation of such Bonds.

The proceeds derived from the sale of any notes issued in anticipation of the Bonds shall be used to pay all or part of the cost of any appropriation for the various public improvements set forth in Section 2.

**SECTION 9. Security for the Bonds.** The full faith and credit of the County are hereby pledged to the payment of the principal of and interest on the Bonds and the principal and interest payments shall be a first charge on the General Fund of the County. Pursuant to Chapter 47, Hawaii Revised Statutes, as amended, particularly Part I thereof, the County shall levy ad valorem taxes without limitation as to rate or amount on real property subject to taxation by

the County, sufficient to pay principal of and interest on the Bonds as they become due. This ordinance shall constitute an agreement by the County with the holders of the Bonds authorized pursuant to this ordinance; provided that amendments may be made to this ordinance as may be necessary to correct errors, comply with the Internal Revenue Code of 1986, as amended, to otherwise protect the security for the bonds, or such other amendment that does not materially and adversely affect the interests of the holders of the Bonds.

**SECTION 10. Tax Covenant and Approval of Issuance of Bonds as Tax-Exempt or Taxable Bonds.** The Bonds (and any previously authorized but unissued general obligation bonds) (the "Authorized Bonds") are hereby authorized to be issued, in whole or in part, and in any combination, including one or more separate issues or series, as either tax-exempt bonds ("Tax-Exempt Bonds") or federally taxable bonds ("Taxable Bonds"). The Director of Finance shall determine and elect, based on the best interests of the County, which portions of the Authorized Bonds (including any previously authorized but unissued general obligation bonds) shall be designated and issued as Tax-Exempt Bonds or Taxable Bonds. Previously authorized but unissued general obligation bonds are hereby expressly authorized to be issued as Tax-Exempt Bonds or Taxable Bonds and in this regard any portion of any ordinance or resolution of the County in conflict with this Section is hereby amended.

For Authorized Bonds (including any previously authorized but unissued general obligation bonds) that are designated and issued as Tax-Exempt Bonds, the County hereby covenants and agrees to comply with the provisions of Sections 103 and 141-150 of the Internal Revenue Code of 1986, as amended ("Code"), and the applicable Treasury Regulations if and to the extent required to maintain the exclusion from gross income of interest on the Tax-Exempt Bonds for federal income tax purposes for so long as any Tax-Exempt Bond shall be outstanding.

For Authorized Bonds (including any previously authorized but unissued general obligation bonds) that are designated and issued as Taxable Bonds, the interest on such Taxable Bonds shall not be excluded from gross income for federal income tax purposes.

**SECTION 11. Reimbursement of expenditures.** The County expects that it will pay certain capital expenditures in connection with the public improvements of the County described in Section 2 hereof prior to the issuance of the Bonds, and reasonably expects to reimburse such expenditures from the proceeds of such Bonds. The County hereby declares its official intent to use proceeds of the Bonds to reimburse itself for future expenditures in connection with such public improvements. This ordinance is adopted in part for purposes of establishing compliance with the requirements of Section 1.150-2 of the Treasury Regulations.

This ordinance shall be reasonably available for inspection by the general public during normal business hours at the offices of the County Clerk, located

at 200 South High Street, Wailuku, Maui, Hawaii, commencing within fifteen (15) days after the approval hereof by the Council.

SECTION 12. CUSIP Identification Numbers. The Director of Finance may authorize the printing of CUSIP identification numbers upon the Bonds. Such numbers and the printing thereof shall be subject in all respects to the provisions of Section 47-10, Hawaii Revised Statutes, as amended.

SECTION 13. Bond Insurance. If the original purchaser of the Bonds, or any portion thereof, shall procure insurance for the payment of the principal of and interest on such Bonds and desires that a statement with respect to such insurance shall be printed upon such Bonds, space shall be provided on the backs of the printed Bonds for the printing of such statement. The cost, if any, of the printing of any such statement upon the Bonds shall be at the expense of such original purchaser, and the County shall not have any liability with respect thereto. Should the procuring of such insurance or the printing of a statement of such insurance upon the back of the Bonds cause a delay either in the printing of the Bonds or in the delivery of and payment therefor, the County, after notifying the original purchaser of the same, shall proceed with the printing of such Bonds without a copy of such statement thereon, or shall proceed with the delivery of such Bonds without such insurance having been obtained, as the case may be, unless an agreement is reached between the County and the original purchaser of such Bonds extending the date of delivery of and payment for such Bonds. Neither the failure by the original purchaser of the Bonds to obtain any such insurance nor the failure to print on any Bonds a copy of a statement of insurance or any error with respect thereto shall constitute cause for failure or refusal by the original purchaser of the bonds to accept delivery of and pay for such Bonds. If any such insurance on the Bonds shall be obtained by the original purchaser of such Bonds, (a) such insurance shall not constitute a part of the contract by and with the County evidenced by a particular Bond or constitute a part of the proceedings providing for the issuance thereof, and (b) no liability or responsibility shall attach to the County or any officer or agent thereof in any way by reason of any such insurance, including, without limiting the foregoing, with respect to the procuring, maintenance, enforcement or collection thereof. Without limiting the effect of the provisions of the preceding sentence, the County shall be under no obligation to take or refrain from taking any action by reason of the existence of such insurance or any of the provisions thereof, even though the taking or refraining from taking of such action may result in or be cause for cancellation or cessation of such insurance.

SECTION 14. Refunding Bonds. Pursuant to Chapter 47, Hawaii Revised Statutes, as amended, and particularly Section 47-17, there are hereby authorized for issuance and sale at one time or from time to time general obligation refunding bonds of the County (the "Refunding Bonds") in one or more series for the purpose of refunding in advance of their maturity all or part of any outstanding general obligation bonds of the County, loans, notes or other instruments of indebtedness secured by the full faith and credit of the County, as the Director of Finance shall determine to be in the best interest of the County,

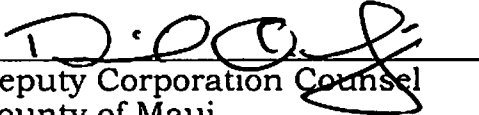

and to pay all costs incurred in the issuance thereof and the refunding of such outstanding bonds, loans, notes or other instruments of indebtedness, and shall be in any amount necessary for such purposes. The proceeds of the Refunding Bonds of any particular series shall be applied to the payment of the principal of, and redemption premium, if any, and interest on the bonds, loans, notes or other instruments of indebtedness, to be refunded and to the payment of all costs incurred in the issuance of such Refunding Bonds and the interest accrued on the Refunding Bonds to the date of delivery thereof and payment therefor, all as determined by the Director of Finance. Such Refunding Bonds shall be issued as Bonds under this ordinance.

SECTION 15. Effect of Section Headings. The headings or titles of the several Sections hereof shall be solely for convenience of reference and shall not affect the meaning, construction, interpretation or effect of this ordinance.

SECTION 16. Repeal of Inconsistent Ordinance and Resolution. Any ordinance or resolution of the County, or any portion thereof, in conflict or inconsistent with this ordinance is hereby repealed to the extent of such conflict or inconsistency.

SECTION 17. Effective Date. This ordinance shall take effect on July 1, 2020.

1. Applicable law.

By letter dated February 28, 2020, the Mayor was notified that at its February 14, 2020 meeting, the Salary Commission had voted to increase the salaries of the directors and deputies of various departments, including the Corporation Counsel and Prosecuting Attorney. A copy of said February 15, 2019 letter is attached hereto as Exhibit "A".

2. Salary adjustment recommendations.

We believe the most equitable pay proposal for our deputies would be to increase their salaries by a flat percentage rate across the board. We submit that our deputies' salary be increased by 2% across the board for Fiscal Year 2020, retroactive to January 1, 2020.

We respectfully request that the attached proposed bill be referred to the appropriate standing committee for discussion and action. Thank you for your consideration. Should you have any questions or require clarification, please contact us.
