Dear Council member Paltin ,

Please find attached a letter with my comments in response to your letter dated February 7th , 2019
Thank you so much for the opportunity to be part of the proceedings on February 27th 2019.
My request is this : can the attached comments suffice and replace my need to be there ? I have
some health issues that necessitate avoiding stressful and crowded areas and also there are
scheduling conflicts with my patient load .
I am hoping that my attached letter can take the place of my physical presence .
Please let me know .
Thank you !

**Subject: Community Plan amendment for 1488 South Kihei Road, Kihei
(PSLU -25) County Communication 19-68**

Dear Council member Paltin ,

Thank you for your letter dated February 7, 2019 in reference to County communication 19-68 from Council Chair King.

I am also in receipt of the proposed resolution by Council Chair King to amend the Kihei -Makena Community plan & land use map for my property at 1488 S. Kihei Road, Kihei, HI, from Business/Commercial to Single -Family in order that it may have a consistent Land use designation.

You have requested my comments to the above proposed resolution. **I would hereby like to state that I agree with Council Chair King's proposed resolution to amend the land use to single-family for the property.** Since the change in zoning to B-2 to match the community plan was disallowed, this proposed resolution is the only logical solution for the land's designation inconsistency.

I appreciate your and Council Chair King's efforts to resolve this issue.

Yours Sincerely,

Sujata Bhatia
