Subject: PSLU-25

Aloha, Chair Paltin and Committee Members ..

My name is Adele Rugg and i am a long-time resident of Kihei ..

I am writing to you and your committee members to strongly urge you to DEFER and take NO ACTION on PSLU-25. The reason for my request is that real soon the Kihei-Makena Community Plan is coming up for review and members of the community would like to discuss this open space planning within the community plan review. Our Kihei wetlands are so very fragile and must be protected.

Thank you so very much for listening to my request.

Again .. I humbly ask you and your committee to defer and take no action at this time on PSLU-25.

Thank you for all your hard work on behalf of our community.

Aloha from ..
