**Subject:** against Wela Street project in Kihei

Greetings. I am against the Wela Street development in South Kihei. The proposed project will bring increased traffic to our quiet Kilohana Waena neighborhood and our supposedly "private" street (Hoolapa). The proposed development would be flooded with just a few feet rise in sea level. The project should be built on higher ground somewhere else! The development will only create traffic issues and destroy our natural buffer between our neighborhood and South Kihei Road, which should stay dedicated open space. Sincerely, Mark Del Frate 83 Hoolapa Street, Kihei, Hawaii 96753 [indianmad@aol.com](mailto:indianmad@aol.com) 505-459-9636
