RE: PSLU – 56, Change in zoning for the proposed;
Kilohana Makai Workforce Housing Project

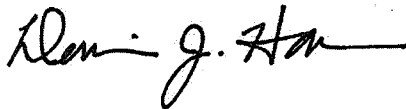

One of the biggest needs in our community is affordable / workforce housing, which is why I am writing this letter in support of the change in zoning for the above stated project.

I have been involved in the residential industry for 25 years, and in doing so have made a good life for my family. Both my wife and I are working professionals with good paying jobs and barely make enough to survive here on Maui. One of my greatest concerns is that my children will not be able to afford to do the same.

Providing an opportunity for our local families to live and work on island is one of the greatest responsibilities of our county government. Projects like these provide that opportunity and need to be seriously considered for the future of our local workforce.

Thank you for the opportunity to submit this letter of support. Your time, consideration and hard work are greatly appreciated.

Sincerely,

A handwritten signature in black ink, appearing to read "Dennis J. Harmon", with a stylized flourish at the end.
