RE: PSLU 56 - Kilohana Makai Workforce Housing

To whom it may concern,

I am writing to express my support for the proposed change of zoning to accommodate the Kilohana Makai Workforce Housing project. Providing options for affordable housing is critically important to improving the health, safety, and welfare of our communities. Home ownership at an affordable price allows families a foundation for stability, promotes financial responsibility, and supports family unity. This type of housing needs to be thoughtfully developed and available throughout the island in order to be effective. Lehua Builders has demonstrated that they are fully capable of meeting these needs. For these reasons I hope you will consider endorsing this change of zoning.

Respectfully,

Gregg Hessel
