Subject: June 17th Meeting

Aloha -

Because your online published agenda for today's meeting listed the phone number for "Phone testimony", I was disappointed when I called in, and when I listened on the TV and phone, to learn that testimony was not going to be allowed.

It's unfortunate that the agenda had not indicated under the "MEETING SITE:" heading that testimony was closed and was not going to be allowed today.

I already had submitted my written and verbal testimony before/at your June 3rd meeting, but today I had a question I wanted to ask:

I did not hear at either your June 3rd meeting or today's meeting any kind of disclosure statement, disclaimer statement, or conflict of interest statement.

So, I'm wondering can we, the public, be assured that no member of this Planning and Sustainable Land Use Committee, and no member of the Maui Planning Commission, including (in particular!) those Planning Commission members** who testified on June 3rd, has any personal or familial vested or financial interest in this project, either currently in land purchase or in the future construction and sales?

** vis-a-via Ms. Rawlins-Fernandez' very appropriate concern expressed today (just a few minutes ago) regarding building houses just to build houses.

If you cannot provide that assurance, then I would request that you and your lawyer(s) address that, and make a public statement, before any final vote takes place.

I believe we have a right to know that information for both your Committee as well as the Maui Planning Commission.

Mahalo nui loa,

Bruce Purvis
