Subject: In Support of Affordable Housing

Aloha Committee and Chair Members,

Thank you for considering more affordable housing opportunities for the residents of Maui County.

I am in support of the Kilohana project in Kihei. I am also in support of zoning more affordable housing (R:1) outright instead of leaving land as open in the hopes that developers will have to take less risk on investing in developing a property first with hopes that it will be pushed through as affordable housing with the county. We need to work together to alleviate the stress of finding a stable affordable shelter for the working class citizens. This in turn will create a happier community; allowing parents to spend quality time with their children rather than work 50-60 hours a week. It's simple. Let's make it happen.

Sincerely,

Trisha Higashi
