700 Hali'a Nakoia Street, Unit 2, Wailuku, Hawai'i 96793
Main Line (808) 270-7230 / Facsimile (808) 270-7942

July 7, 2020

Honorable Michael P. Victorino
Mayor, County of Maui
200 South High Street
Wailuku, Hawaii 96793

APPROVED FOR TRANSMITTAL

Michael P. Victorino 7/10/20
Mayor Date

For Transmittal to:

Honorable Riki Hokama, Chair
Healthy Families and Communities Committee
Maui County Council
200 South High Street
Wailuku, Hawaii 96793

Dear Chair Hokama:

SUBJECT: CONCESSIONS AT COUNTY FACILITIES (HFC-13(10))

This is in response to your letter dated June 26, 2020 regarding topics discussed at the Healthy Families and Communities Committee meeting held on June 18, 2020.

1. *Please provide a list of activities allowed at each Department of Parks and Recreation venue. Explain how these details will be included as part of the outreach to the community during the public hearing phase for the administrative rules.*

The Department of Parks and Recreation facilities are listed on the attached Exhibit A with the type of park indicated in the last column. Also included, as Exhibit B, is the Park Typology matrix. This document serves as a guide for each park or facility type.

Not specifically covered in the typology roles are community centers and gymnasiums.

Community centers are defined in Chapter 13.04A of the Maui County Code as “a County-operated facility generally utilized as a gathering place for meetings, socials, training, and other activities.”

Gymnasiums are defined in Chapter 13.04A of the Maui County Code as “a recreational facility utilized for indoor athletic activities.”

These definitions, along with other items in the code and administrative rules such as parks hours and prohibitions, help to determine allowable uses.

Necessary details as they relate to the draft rules will be made available to the community on the County website, with hard copies available in all district permit offices.

2. *Please provide a list of areas proposed to be excluded from the concession program. Please specifically include information on Banyan Tree Park, confirming its use is in accordance with Executive Orders 16 and 80.*

Once the rules are finalized, a list of areas to be excluded will be provided. Pursuant to Chapter 13.04A.420, parks and recreational areas that are suitable for use as concession facilities will be designated by the Department. Factors that will be taken into consideration when determining suitability of any facility include, but not limited to: current use, ownership, impact of traffic on a proposed location, safety or hazardous conditions that might arise because of the concession location, zoning restrictions that may exist, infrastructure at the existing site, historical and cultural significance, environmental impact, if any, of the concession at the location, and the benefit and possible detriment to the public in placing a concession at the site.

Current permitted use at Banyan Tree Park is in accordance with Executive Orders 16 and 80 and subsequent BLNR approved amendments.

Should you have any further questions, please contact me or Lisa Almeida, Park Permits Officer, at Ext. 4049.

Sincerely,

KARLA H. PETERS
Director of Parks and Recreation

| Type | Role | GUIDELINES | | | | Notes |
|-------------------------|--|--|------------|--|---|---|
| | | Service Area | Size | Potential Activities | Potential Facilities | |
| Pocket Park | Provides basic recreation opportunities for a limited service area. | Varies | < 2 ac. | Walking and jogging Picnicking Informal play | Low intensity facilities that vary by site conditions, location, and context. | Used only when there are limited options for a larger usable park or when the service population is relatively small. |
| Neighborhood | Offer a variety of basic recreation opportunities for residents within a 15 minute walk. Emphasis is on multi-use and flexible open space. | Local Neighborhood 15 minute walking distance | 2 – 5 ac. | Walking and jogging Picnicking Informal play Sports for younger children (temporary fields only) Small group activities and community events | Paved paths Multi-use open space Playground Community garden Outdoor fitness stations | |
| Community | Offer a variety of recreation opportunities and facilities with flexible open space as a primary use. These parks are not designed to emphasize uses that do not require large amounts of dedicated space such as baseball/softball fields or football/soccer fields. | District 30 minute driving distance | 5 – 15 ac. | Walking and jogging Picnicking Informal play Youth sports Small community events | Paved paths Multi-use open space Playground Restrooms Temporary fields for youth sports Community garden Outdoor fitness stations Water feature for play Off-leash area Off-street parking | |
| Community Sports | Primary use is for dedicated space and facilities for sports activities or others that require specific improvements. | District or 30 minute driving distance | 5 – 15 ac. | Walking and jogging Picnicking Informal play Sports leagues for youth and adults Community events | Paved paths Multi-use open space Playground Restrooms Dedicated fields/courts for organized sports Picnic shelters for larger groups Skatepark Off-street | Supporting facilities should be provided such as restrooms, paths, and other improvements that for participants and visitors. |
| Regional | Large sites to accommodate a wide range of recreational activities and facilities as well as large numbers of visitors. Some of these parks may be developed as "signature" parks, which offer unique facilities and improvements such as a botanical garden, large amphitheater, or some other feature that is an island-wide attraction for residents and visitors. | Island-wide | 15 ac. > | | Dedicated sports facilities/complexes Paved paths Multi-use open space Playground Group picnic shelters (large groups) Visitor center Public gardens Community garden Off-leash area Restrooms Concession Off-street parking | In general, these sites have the ability to include a wide range of activities and facilities. Specific facilities will depend on the size of the park. Proximity to roads and trails are essential for these parks because of the large numbers of people they can attract. In addition, the impacts of noise, traffic, and some activities may have a negative effect on adjacent residential areas. |
| Urban | Provides flexible open space for programs, events, and activities appropriate for urban areas. | Island-wide | < 2 ac. | Programs and community events Receptions and small gatherings | Paved areas Movable furniture Supporting facilities such as restrooms, lighting, and benches | To be successful, urban open spaces depend on programs and events that generate consistent levels of people visiting these sites. |

CORE RECREATION SITES

| Type | Role | GUIDELINES | | | | Notes | |
|-------------------|--|--|-------------|----------------------|--|--|---|
| | | Service Area | Size | Potential Activities | Potential Facilities | | |
| COASTAL SITES | Beach Access | A public right of way to a public beach. | Island-wide | Varies | Limited to providing access from public right-of-way to ocean | Very limited – paved trail is extent of public improvements | Signage to identify beach access points should be provided. May include paved access paths. |
| | Beach Park Low Intensity | Oceanfront park that accommodates lower levels of recreational activity. | | | Sunbathing Swimming and ocean activities CORA (low-impact) | Paved paths Restroom Picnic tables and grills Off-street parking | Visitation is lower than other beach park types though these parks may exhibit occasional peak use during the day or week. |
| | Beach Park Medium Intensity | Accommodates a limited range of recreational activities that (a) are oriented towards an oceanfront setting, and (b) depend on safe and convenient access to the ocean. These parks typically do not attract as many visitors as High Intensity Beach Parks. | | | Sunbathing Swimming and ocean activities Volleyball Fitness training Land-based activities CORA | Paved paths Restroom Picnic tables and grills Showers Off-street parking Lifeguard towers | May require a Management Plan to describe how activities and facilities are used to prevent user conflicts, over-use, undesirable environmental impacts, and to minimize negative impacts on adjoining uses. |
| | Beach Park High Intensity | Accommodates a wide range of recreational activities that (a) are oriented towards an oceanfront setting, (b) depend on safe and convenient access to the ocean, and (c) attract large numbers of people throughout the day and week. These parks may include permitted and special events. | | | Sunbathing Swimming and ocean activities Volleyball Fitness training Land-based activities Activities requiring Special Event permits Competitive events CORA | Paved paths Restroom Picnic tables and grills Showers Off-street parking Lifeguard towers | Requires a Management Plan to describe how activities and facilities are used to prevent user conflicts, over-use, undesirable environmental impacts, and to minimize negative impacts on adjoining uses. |
| SPECIAL USE SITES | Natural Resource | Offer opportunities for low-intensity recreation in sites that are undeveloped, have habitat value, restoration potential, or include a distinctive natural features. Provide interpretative facilities for residents, visitors, and school group | Varies | Varies | Low-intensity recreation such as hiking, cycling, horseback riding, and other non-motorized activities Restoration activities Cultural activities | Trails for hiking, bicycling, and equestrian use Interpretive signs and exhibits Supporting facilities (such as small parking areas) and restrooms where appropriate | The emphasis on these sites is to protect, maintain, and enhance the resources. As a result, facilities should be designed and sited to minimize negative and are generally improved or maintained for low-intensity use. |
| | Cultural Resource | Protect sites that have significant historic or cultural value. Provide interpretative facilities for residents, visitors, and school groups. | | | Restoration activities Cultural activities | Interpretive signs and exhibits Low-intensity support facilities such as small shelters and benches | |
| | Trails | Offer dedicated linear connections for non-motorized travel. Users include pedestrians, cyclists, equestrians, and other compatible modes. | | | Low-intensity recreation such as hiking, cycling, horseback riding, and other non-motorized activities | Trails for hiking, bicycling, and equestrian use Interpretive signs and exhibits Supporting facilities (such as small parking areas) and restrooms where appropriate | |
| | Greenway | Improved as vegetated natural buffers that improve water quality, reduce the impacts of flooding, and provide wildlife habitat. | | | Maintenance and restoration | Service trails Low impact trails for public use Interpretive signs and exhibits | The emphasis on these sites is to protect, maintain, and enhance the resources. As a result, facilities should be designed and sited to minimize negative and are generally improved or maintained for low-intensity use. |
| | Special Use | A broad range of specialized park and recreation facilities, often with a single major use. These can include dog parks, golf courses, community center sites, raceway, and other special use facilities. These may include community park elements, but with amenities that have a regional appeal. | | | Varies by site | | |
