Subject: Concerns regarding Mandatory Vaccines!

WE DO NOT CONSENT TO MANDATED VACCINES IN ANY SCENARIO!

Every human being has the constitutional right to choose what they have injected into their bodies.

According to Atty General Barr 4/27/2020:

"If a state or local ordinance crosses the line from an appropriate exercise of authority to stop the spread of COVID-19 into an overbearing infringement of constitutional and statutory protections, the Department of Justice may have an obligation to address that overreach in federal court."

In light of information today, as in the npr.org article, "INFECTIOUS DISEASE Mutant Strains Of Polio Vaccine Now Cause More Paralysis Than Wild Polio

June 28, 2017 3:22 PM ET", it is no longer acceptable to force the American people, who are supposed to be 'endowed with certain inalienable rights' such as 'life, liberty and the pursuit of happiness' according to our Declaration of Independence, to submit to vaccines against their will, which violates both liberty and life, as stated in The Indian Journal of Medical Ethics regarding the death of girls who received a Human Papilloma Virus vaccine from an American Foundation. Petition is to overturn all policies allowing mandatory vaccines & disallow mandatory microchipping or skin i.d.'s even in states of emergency & declarations of war.
