To EACP Committee,

Over the years living on Maui I have been very concerned about Maui county's use of herbicides on roadsides, parks, other public areas and near streams. As you are probably aware, these chemicals can have grave effects on the health of people, pets, livestock and ocean life when they are carried by rains to the sea. Therefore I am asking you to finally ban this use of herbicides in public places and in the vicinity of waterways.

Sincerely,  
Lucrezia Oddie
