**To:** AH Committee  
**Subject:** Olowalu

The responsibility of the nearshore life at Olowalu belongs to all of us. Ours....and yours..... We are concerned that further development of this area could harm these beautiful (and irreplaceable) coral gardens.... Please consider this when making any development decisions that could now or in the future cause any negative impact to the area.

Marie Glover  
retired educator  
longtime resident and friend of Maui
