IMPORTANT NOTICE REGARDING WIRE FRAUD: Never trust wiring instructions sent via email. Cyber criminals often target real estate transaction email and can send email messages with fake/fraudulent wiring instructions. These email messages appear to be legitimate and can easily fool an unwary recipient.

Do not be a victim. Be aware of the danger posed by wire fraud schemes. Always confirm wiring instructions in person or via a telephone call to a trusted and verified phone number. Do not wire money without double-checking that the wiring instructions are correct.
