Re: Letter of Support for Lihau'ula Workforce Housing Project

Dear Members of the Affordable Housing Committee:

On behalf of myself and Hawaiian Cement, Maui Concrete & Aggregate Division, I want to express my strong support for the Lihau'ula affordable housing project in Olowalu. We desperately need affordable housing for our local people. Our younger people are growing up on Maui without hope for future home ownership. They are either relying on parents or grandparents to provide a home or are looking to move away to realize their dreams of home ownership. I ask for your help by approving this much needed project. Thank you in advance for your consideration.

Mahalo,

Dave Gomes
