Aloha Council Members,

I was born and raised in Kahului Maui, graduated from Baldwin High School, lived in Pukalani but now reside on Oahu. I left Maui for an employment opportunity in 1982. But as a former resident I continue to support your efforts to provide housing opportunities for the people of Maui County. In that regard I support the proposed Lahau'ula project in Olowalu for the reasons stated below:

- Planned for first-time home buyers of Maui County
- Targeted for owner-occupant buyers only
- Managed under MCC 2.96 and 201h requirements/guidelines
- Located between central and west Maui and very accessible

Housing opportunity has always presented challenges for residents and I applaud your efforts to provide these opportunities. Mahalo.
