Subject: Olowalu.

Submitting my testimony against the olowalu development. Many issues where not addressed and wording of it being affordable is misleading. Its isn't truly affordable to the people of Maui. Water issues will be an increasing problem with climate change. Mostly the history of the developers and it's business in this area showing there disregarded to in stream flow standards as well as fines and penalties for mismanagement highlights the real intent of their motive to slip this project under the fast-track housing.
