Subject: Testimony for Item#: AH-1(7)

Aloha Maui County Council Members,

I strongly oppose the development of “affordable” housing project in Olowalu.

We absolutely need more affordable housing but this location and project are not ethically aligned.

This project has overwhelmingly been rejected by the community and will again even during a pandemic given enough time to share this information for the public to be informed.

Again, I oppose this development to be passed due to the impacts on the fragile reef system in Olowalu and the misleading label of this being affordable housing.

Mahalo,
Autumn Parker of Haiku
