Subject: CAR-23 Adding a new section to Countywide Policy Plan

RE: CAR-23 Adding a new section to Countywide Policy Plan

I would like to add the following language to the proposed Countywide Policy Plan, Section "L".

Please add the following three "Implementing Actions" to Section L, Objective 1.

- e. Incorporate tree planting as a major component of Urban Design to both cool neighborhoods and the reduce carbon dioxide.
- f. Coordinate with State, County, and private landowners in the development of forestry and tree planting to reduce carbon dioxide.
- g. Strongly support efforts to restore and improve Maui County's watersheds for the purpose of improving the water supply, controlling carbon dioxide levels, decreasing soil runoff, and reducing coastal flooding.
