Good morning Committee Chair Molina and Members,

The Maui Coalition for Drug-Free Youth expresses our gratitude to each of you for giving the issue of underage drinking such time and consideration. On October 6th 2020 members of our coalition presented on agenda item GET 60 - Social Host Liability Regulations. In the presentation certain data sources were referenced that many of you asked questions about. At the request of the committee the coalition eagerly shares with you those data sources; two locally facilitated surveys, The Youth Alcohol Use Survey and the Community Survey on Youth Alcohol Use. Attached to this message you will find an introductory document that includes the survey tools and separate excel files of the raw data from our survey databases. If there are any questions or needs please let us know. Thank you all.

The Maui Coalition for Drug-Free Youth (MCDFY) is a community coalition, fiscally managed by the Hawaii Public Health Institute, driven to prevent and reduce underage alcohol use and youth substance use in Maui County. MCDFY is currently funded by the federal Drug-Free Communities Grant program and the Hawaii State Department of Health, Alcohol and Drug Abuse Division's Partnerships for Success Community Coalition Grant Program. The vision of the coalition is to establish prevention policies that create a thriving environment where the people of Maui County are living healthy, resilient and drug-free lives.

MCDFY focuses on the implementation of policy to prevent and reduce underage drinking in Maui County. MCDFY focuses on changing our environment and perceptions of harmful substances, specifically alcohol. In order to develop targeted policies the coalition utilizes evidence based data collection methods to analyze the problems of underage drinking on a local level. With the support of valuable coalition partners, community members, and a contracted evaluation team the coalition was able to obtain information that proved vital to understanding the problem of underage drinking and catalyzed the development of the Social Liability Regulations Ordinance that was introduced on October 6th, 2020 as agenda item GET 60. During that meeting data was referenced by testifiers and presenters that was collected by the coalition via surveys; the Youth Alcohol Use Survey and the Community Survey on Youth Alcohol Use. The data from these surveys is the foundation of the Coalition's initiative. This information is being prepared by coalition staff at the request of the members of the Maui County Council via Committee Chair Mike Molina. This report includes the survey tools disseminated by the coalition, the history and methodology of how the data was gathered, and separate excel files of all the survey responses. Excel files will be linked in this document as well as email attachments.

History & Methodology

In 2016 and 2017 the Coalition conducted a general needs assessment of Maui County to better understand the behaviors and perceptions of youth substance use. After the coalition completed the assessment in early 2018 the data indicated that social access of alcohol and house parties were an emerging problem that needed further investigation.

In mid 2018 the *Youth Alcohol Use Survey* was developed by an ad-hoc committee of coalition members from different community sectors who analyzed previously administered surveys and refined the research questions with support of a contracted evaluator. The Youth Alcohol Use Survey was designed to gather information from middle and high school students of Maui County on information relating to underage drinking at house parties.

Youth surveys were tested for validity with a small sample size of students in an after-school program and some adjustments were made to the survey tool. Surveys were administered online via Google Forms with the use of an unchanging access link as well as paper surveys were used when necessary. A separate database was created for each island of Maui

County to better track representation from all the communities of the islands. The Coalition worked to engage every high school and middle school in Maui County with wide ranging participation results from the schools. Surveys were completed by middle and high school students from Maui, Lana‘i and Molokai islands. Surveys were administered through partner organizations who work with various student populations - some administered through classroom settings and others in after-school programs. There are limitations to this survey as a convenience sampling method was utilized due to limited access of youth. Some schools throughout Maui and Molokai were not reached due to lack of access to those populations. Further survey collection is needed in Hana HS and MS, Lahainaluna HS, Lahaina Intermediate, and Lokelani Intermediate as well as Molokai HS. 312 surveys were collected on Maui, 99 surveys were collected on Molokai and 38 from Lana‘i.

In addition to understanding youth perspectives it became clear the coalition needed to survey adult community members around perceptions towards underage drinking, binge drinking and house parties. The ad-hoc committee created the *Community Survey on Youth Alcohol Use* in September 2018 which was developed through Google Forms and distributed online only via an unchanging access link through coalition partners, social media, and personal networks. 230 adult community surveys were collected in the approximately 8 weeks the survey was being circulated. There are limitations to the data collected as the sample size is smaller than the target the coalition understands a larger sample size would better support the validity of the data. The survey was also only distributed online and was not translated into any other language due to lack of resources.

Youth Alcohol Use Survey Tool

Youth Alcohol Use Survey

Introduction: This survey is funded by the Maui Coalition for Drug-Free Youth through the Drug-Free Communities (DFC) grant. The coalition is trying to find out issues related to the use of alcohol among the youth of Maui. We want to understand what underage drinking is like for the youth of Maui so we, as a community, can work to create the healthiest and safest community for all. Your assistance in completing this survey is very important. This short survey will take about 10 minutes and is completely confidential. Please do not write your name on the survey. Your honesty is most valuable and we appreciate your time in completing this survey.

Instructions: Please read the questions carefully and fully before answering the question. Unless otherwise stated please select 1 response per question. Some questions are fill-in-the-blank – try your best with spelling. Please do not leave any question unanswered.

** Required*

1. Date ***

2. Name of school you attend ***

3. Gender *** Mark only one oval.

- ☐ Female
- ☐ Male
- ☐ Prefer not to say
- ☐ Other:

4. Age *** Mark only one oval.

- | | |

Community Survey on Youth Alcohol Use Survey Tool

Maui Coalition for Drug-Free Youth Community Survey on Youth Alcohol Use

Introduction:

This survey is being conducted by the Maui Coalition for Drug-Free Youth, a non-profit community coalition that seeks to prevent and reduce underage alcohol use and other substances on Maui. We are seeking community opinions regarding underage drinking at house parties. House parties are defined as gatherings where individuals under the age of 21 consume alcohol in a home, with or without adult supervision. Based on information we received from youth in our community, youth are experiencing severe consequences, such as physical violence, sexual assaults, property damage and traffic incidents at these home parties where binge or excessive drinking is occurring. Our goal is to protect and support the success of the children and families in our Maui communities. The coalition is seeking input from adults in the community regarding underage drinking at house parties to help us identify the best possible solutions for keeping the keiki in our community safe. Your responses are confidential and we thank you for your honesty and time in completing the survey.

What neighborhood do you live in? _____

What zip code do you live in? _____

What is your age? _____ Do you have any children under the age of 21 under your care?

Yes ☐ No ☐

1. Do you think underage drinking at house parties, with or without adult supervision, is a concern or problem in the community?

☐ Yes

☐ No

2. Do you think binge, or excessive drinking, of underage youth at house parties is a concern or problem in the community? Binge drinking is defined as consuming 4 to 5 drinks within 2 hours.

☐ Yes

☐ No

3. Are you aware of any underage drinking house parties in your neighborhood?

☐ Yes

☐ No

4. If yes, how often do these parties occur?

-
5. Your children under the age of 21 consume alcohol in your home...?

☐ Never

☐ On special occasions only

☐ At any time

☐ Under parental supervision only

6. Is it acceptable for other adults to allow your children under the age of 21 to consume alcohol in their homes?

☐ Yes

☐ No

7. Do you know of other parents or adults who allow non-family members under the age of 21 to consume alcohol in their homes?

☐ Yes

☐ No

8. Do you know of any youth who have attended house parties and had a negative experience?

☐ Yes

☐ No

9. If yes, please explain what the negative experience was?

Thank you for completing the survey!

Conclusion

The Coalition is grateful for the partnership of dedicated members who disseminated and facilitated the surveys. The data of both surveys was analyzed through Google Analytics within the Google Forms program. The results were then utilized within the Coalition's issue brief, stood as a basis for developing the policy language, and was the foundation for educational campaigns to be put on social media and other outlets. Below are linked excel spreadsheets of the raw data collected - If there are further questions or needs please contact Coalition Staff at:

as? (Enter NA if not applicable)

ER visit.

arty and was sexually assaulted by a high school male
, walking home alone in the dark

llying, irresponsible behavior, vandalism, brain damage.

one mostly had a good time so i think its ok and that weed and alcohol should be legal.

be taken to the ER
e.

f the party goes out due to damage being caused in the home. This was a negative for him. (33 years ago.)

otance
