COUNTY COUNCIL
COUNTY OF MAUI
200 S. HIGH STREET
WAILUKU, MAUI, HAWAII 96793
www.MauiCounty.us

June 28, 2021

Honorable Michael P. Victorino
Mayor, County of Maui
Wailuku, Hawai'i 96793

Dear Mayor Victorino:

SUBJECT: **BREAK FREE FROM PLASTIC POLLUTION ACT**
(CARE-48)

The Climate Action, Resilience, and Environment Committee is in receipt of correspondence dated June 10, 2021, from Committee Chair Kelly Takaya King, transmitting a proposed resolution entitled "REQUESTING THE STATE'S CONGRESSIONAL DELEGATION TO SUPPORT REDUCING THE PRODUCTION AND USE OF CERTAIN SINGLE-USE PLASTIC PRODUCTS."

The purposes of the proposed resolution are to:

- Express the Council's support of Senate Bill 984 (2021) and House Bill 2238 (2021), widely known as the Break Free from Plastic Pollution Act (2021); and
- Urge the support of the State's Congressional delegation.

May I please request your comments on the proposed resolution.

May I further request you transmit your response by **tomorrow, Tuesday, June 29, 2021**. To ensure efficient processing, please transmit your response to care.committee@mauicounty.us, and include the relevant Committee item number in the subject line of your response.

Mayor Michael P. Victorino

Resolution

No. _____

REQUESTING THE STATE'S CONGRESSIONAL DELEGATION TO SUPPORT REDUCING THE PRODUCTION AND USE OF CERTAIN SINGLE-USE PLASTIC PRODUCTS

WHEREAS, according to the Countywide Policy Plan, enacted by Ordinance 3732 on March 24, 2010, the County of Maui's official policies are to:

- "Reduce air, noise, light, land, and water pollution" as stated on page 48; and
- "Develop strategies to promote public awareness to reduce pollution and litter, and encourage residents to reduce, reuse, recycle, and compost waste materials" as stated on page 71; and

WHEREAS, according to a *ScienceMag.org* article dated October 30, 2020, "in 2016, the U.S. population produced the largest mass of plastic waste of any country in the world and also had the largest annual per capita plastic waste generation of the top plastic waste-generating countries"; and

WHEREAS, a report published in December 2020 by the International Pollutants Elimination Network and the Endocrine Society said, "plastics contain and leach hazardous chemicals," including endocrine-disrupting chemicals, "which disturb the body's hormone systems and can cause cancer, diabetes, reproductive disorders, and neurological damage in fetuses and children"; and

WHEREAS, in April 2021, a report of the United Nations Environment Programme stated, "Environmental harms disproportionately impact persons, groups, and peoples already living in vulnerable situations – including women, children, the poor, migrants, and internally displaced people, indigenous peoples, and persons with disabilities"; and

WHEREAS, the same report also said that plastic pollution poses a considerable threat to marine life, biodiversity, and ecosystems, as well as human health, safety, and local and national economies; and

Resolution No. _____

WHEREAS, the Council has shown its commitment to reducing plastic pollution in Maui County by enacting Ordinance 3587 (2008), which encourages “the use of environmentally preferable alternatives to plastic bags, such as recyclable paper bags or reusable bags”; and

WHEREAS, more recently, the Council also enacted Ordinance 4457 (2018) and Ordinance 5084 (2020), to “promote public health, reduce litter, and limit harmful materials from entering the environment by regulating and limiting the use of plastic disposable foodware”; and

WHEREAS, the Pacific Whale Foundation’s website says its research confirms that 70 to 90 percent of all debris found on Maui is plastic, with single-use plastics being the biggest contributor; and

WHEREAS, the State has limited waste management infrastructure, historically shipping much of its plastic waste overseas, potentially further polluting underdeveloped countries with weak waste management infrastructure; and

WHEREAS, it is in the interest of the Maui County community to protect the State’s natural resources for the health of the people, economy, and the environment; and

WHEREAS, Senate Bill 984 (2021) and House Bill 2238 (2021) would each amend the Solid Waste Disposal Act to:

- Reduce the production and use of certain single-use plastic products and packaging;
- Improve the responsibility of producers in the design, collection, reuse, recycling, and disposal of their consumer products and packaging; and
- Prevent pollution from consumer products and packaging from entering into animal and human food chains and waterways; and

WHEREAS, both bills are pending in the 117th Congress; now, therefore,

Resolution No. _____

BE IT RESOLVED by the Council of the County of Maui:

1. That it supports Senate Bill 984 (2021) and House Bill 2238 (2021);
2. That it urges the State's Congressional delegation to support amending the Solid Waste Disposal Act to reduce the production and use of certain single-use plastic products and packaging; and
3. That certified copies of this Resolution be transmitted to the State of Hawai'i's delegation to Congress and the Honorable Michael P. Victorino, Mayor, County of Maui.
