Subject: Re: Hokuao - Lanai Affordable Housing agenda for 8/16

Aloha,

In regards to our preliminary review and review of the material attached to the hearing packet. We do not see any requests to be exempt from FD required water supply or access and therefore have no comments thus far.

In regards to permit review and inspection fees being waived. Should any project meet the criteria that exempts them from Building permit review then they will also be exempt from initial fire plan review including initial inspections. Additional fees may be incurred in the case of a complete resubmit for review or re-inspection due to failure.

We have previously consulted on this project and may not be in attendance for the hearing. If you have any further questions or concerns before or as a result of the hearing please do not hesitate to e-mail me.

Thank you,

Oliver Vaas
