REGULAR SYSTEM

EXHIBIT " I "

WHEREAS, the facilities contained within KCC are further described in Exhibit "A," attached hereto and incorporated herein; and

WHEREAS, KCC is situated between facilities belonging to Hale Makua and Hale Mahaolu; and

WHEREAS, Hale Makua is interested in expanding its facilities and operations; and

WHEREAS, the Parties envision KCC as a park area with an emphasis on senior citizen use, with the control and management of KCC gradually placed under Hale Makua as further planning is completed; and

WHEREAS, the Parties prepared this Lease for portions of KCC in the hopes that it will allow for Hale Makua to plan for its future expansion while making clear the overall intent is to have the entire parcel be part of a larger senior activity area;

NOW, THEREFORE, County, for and in consideration of Hale Makua's covenants and agreements set forth herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, does hereby agree to grant a lease to Hale Makua and Hale Makua hereby accepts said lease on the terms and conditions set forth below:

A. Premises. The Premises shall comprise two contiguous portions of land within KCC. The portion identified as Phase 1 and containing the gateball field with field house is comprised of approximately 2.831 acres and is more particularly described in Exhibit "B," attached hereto and incorporated herein, and the portion identified as Phase 2 and containing the Kahului community center building, annex (referred to as a "Performing Arts building" in Exhibit "3" attached hereto), and surrounding areas is comprised of approximately 4.570 acres and is more particularly described in Exhibit "C," attached hereto and incorporated herein. Both portions are also depicted in the Designation of Phases plan attached hereto and made a part hereof as Exhibit "D." The remaining portions of KCC, including Kokua Pool, shall not be included in this Lease and shall remain under the control and management of the County.

B. Term. The term of this Lease shall be seventy-five (75) years, commencing upon its execution, unless sooner terminated as provided herein.

C. Control and Management of Premises. The control and management of the Premises shall be placed under Hale Makua in phases. Control and management of Phase 1 shall be transferred to Hale Makua upon execution of this Lease while control and management of Phase 2 shall be transferred to Hale Makua at a time mutually agreed upon by the Director of Parks and Recreation ("Director") and Hale Makua.

The transfer of Phase 2 shall be memorialized by the Parties, in writing. Said transfer documents shall be recorded with the State of Hawaii's Bureau of Conveyances.

Hale Makua shall not be responsible or liable for any areas that are not under its control and management, with the understanding that Hale Makua shall bear full liability and responsibility for those areas under its control and management.

It is the understanding of the parties that Hale Makua may not take control of the drainage areas.

D. Use of Premises. Hale Makua shall utilize all areas of KCC under its control and management to further its purpose as a Hawaii nonprofit corporation. Residential use shall be permitted to the extent it furthers Hale Makua's goals and purpose as a Hawaii nonprofit corporation.

E. Maintenance. The areas of KCC under the control and management of Hale Makua shall be maintained at all times in clean and usable condition for the term of this Lease. If the Director determines, in the Director's sole but reasonable discretion, that the areas are not being properly maintained, the Director may transmit a written notice to Hale Makua outlining the request for maintenance. Failure to initiate a cure within thirty (30) days and fully remedy said maintenance issue(s) within ninety (90) days of receipt of written notice, to the reasonable satisfaction of the Director, shall be deemed a breach of this Lease; provided, however, in the case of maintenance issue(s) that cannot be fully remedied within ninety (90) days of receipt of written notice or where a cure cannot be initiated within thirty (30) days of receipt of written notice, Hale Makua shall commence promptly to cure the maintenance issue(s) and thereafter diligently undertake the curing of said maintenance issue(s) until said maintenance issue(s) are remedied to the reasonable satisfaction of the Director. The time within which the maintenance issue(s) may be cured may be extended for such period as deemed necessary by the Director to complete the curing thereof with diligence. Failure to cure said maintenance issue(s) to the reasonable satisfaction of the Director within the time frame set forth by the Director shall be deemed a breach of this Lease.

F. Shared Use. The Parties agree to work together to ensure that County and Hale Makua operations may be conducted harmoniously.

G. Permit Required. In the event that Hale Makua desires to have temporary, exclusive use of portions of KCC, outside of the Premises, Hale Makua shall apply for a use permit with the Department of Parks and Recreation.

H. Conditions of Grant of Real Property. As the recipient of a grant of a lease of County real property, Hale Makua shall comply with all requirements of Chapter 3.36, Maui County Code, Maui County Grants Program. Within three (3) weeks after the end of each fiscal year, Lessee shall transmit to the Department of Parks and Recreation a report, using Exhibit "E," provided herewith, containing the following information for the previous fiscal year:

1. Program status summary.
2. Program data summary.
3. Summary of participant characteristics.
4. Changes in real property tax assessment for the real property.
5. Earnings from the grant of real property.
6. Narrative report.

I. KCC Master Plan and Future Lease Expansion. The Parties recognize that KCC provides an ideal location in terms of its proximity to senior living and care facilities, to establish a holistically planned community for servicing the County's frail and elderly communities. The Parties envision working together as partners, to develop a Master Plan for the future development of KCC, taking into account the needs of the community as a whole and the various KCC user groups. When the Parties agree that the County has adequate or replacement facilities for facilities at KCC and Hale Makua is prepared to take control and management of other areas of KCC, the Parties shall submit to the Council, for its approval by resolution, a Lease Amendment expanding the Premises under the Lease. No transfer shall take place without Council approval.

J. Breach. In the event of a material breach of any term of this Lease, the County shall have the authority to enjoin the entry upon and use of KCC by Hale Makua. If after sixty (60) calendar days the material breach or breaches have not been remedied to the Director's reasonable satisfaction, the Director may unilaterally terminate this Lease. The materiality of a breach shall be determined in the Director's sole and absolute discretion.

The County may also pursue all available legal and equitable remedies for enforcement and shall be entitled to an award of attorney's fees and court costs if the County is the prevailing party.

K. Termination. In the event that Hale Makua ceases operations at any time after the execution of this Lease, this Lease shall automatically

terminate. The Parties may terminate this Lease by mutual agreement, in writing, upon ninety (90) days notice.

L. Modifications. The Premises described in Paragraph A of the Lease, Term described in Paragraph B, and Use of Premises described in Paragraphs D and F may be amended, upon mutual agreement by the Parties, by Council resolution. Other modifications to the Lease shall be in writing and upon mutual agreement of the Parties, although Council approval is not required.

Lessee shall indemnify and hold harmless Lessor from and against any and all claims relating to hazardous materials arising from this Lease. The obligations of Lessee under this section shall survive the expiration or earlier termination of the Lease without limitation.

Lessor further reserves the right to authorize public access over, across, under and through the Premises.

The Carrier shall be rated no less than "A-" as established by "AM Best" or "Standard and Poor" ratings.

The insurance policy, as evidenced by issuance of a "Policy Endorsement", shall name Lessor, the State of Hawaii, and their respective officers, employees and agents as "Additional Named Insured", and shall include a duty to defend Lessor, State of Hawaii, and their respective officers, employees and agents against any loss, liability, claims, and demands for injury or damage, including but limited to, claims for property damage, personal injury, or wrongful death, arising out of, or in connection with Lessee's actions and/or use of Premises.

Unless otherwise agreed to through the joint decision and discretion of the Director of the Department of Finance and the Director, Department of Parks and Recreation, the insurance policy shall contain the following minimum requirements:

Unless waived by Lessor, the insurance policy shall expressly state that the coverage provided under such policy shall not be cancelled or terminated, unless the Carrier has first given Lessor thirty (30) calendar days prior written notice of the intended cancellation or termination.

All such policies shall be made payable to Lessor and Lessee as their interests may appear (it being understood and agreed that Lessor's interest shall be limited to permanent fixtures and other installations which are not removable by Lessee upon the termination of this Lease), and shall provide for a deductible of not more than \$5,000.00. All policy proceeds shall be used for the repair or replacement of the property damaged or destroyed unless this Lease shall cease and terminate in accordance with the provisions of this Lease.

and place the same are payable. The policy or policies of insurance shall be made payable in the case of loss to the County of Maui, as its interest may appear, and shall be deposited with the County. Any proceeds derived therefrom in the event of total or partial loss shall be immediately available to, and as soon as reasonably possible be used by Lessee for rebuilding, repairing, or otherwise reinstating the same buildings in a good and substantial manner according to the plans and specifications approved in writing by the County; provided, however that with the approval of the County, Lessee may surrender this Lease and Lessee shall then receive that portion of said proceeds which constitute the proportionate value of permanent improvements made by Lessee, if any, in relation to the unexpired term of this Lease and useful life of the improvements at the time of the loss, if any, with the County retaining the remaining proceeds of said proceeds.

22. Condemnation. If at any time during the term of this Lease any portion of the leased Premises should be condemned or required for public purposes by the State of Hawaii or the United States, Lessee shall be entitled to receive from the condemning authority the proportionate value of Lessee's permanent improvements so taken in the proportion that it bears to the unexpired term of this Lease; provided that Lessee may, in the alternative, remove and relocate Lessee's improvements to the remainder of the Premises occupied by Lessee. Lessee shall not by reason of the condemnation be entitled to any claim against Lessor for condemnation or indemnity for its interest in this Lease and all compensation payable or to be paid for or on account of this Lease by reason of the condemnation, except as aforesaid as to Lessee's improvements, shall be payable to and be the sole property of Lessor. Where the portion taken renders the remainder unsuitable for the use or uses for which the land was leased, Lessee shall have the option to surrender this Lease and be discharged and relieved from any further liability therefor; provided that Lessee may remove the permanent improvements constructed, erected and placed by it within such reasonable period as may be allowed by Lessor. The foregoing right of Lessor shall not be exclusive of any other to which Lessor may be entitled by law.

23. Lessor's Lien. Lessor shall have a lien on all the buildings and improvements placed on the Premises by Lessee, on all property kept or used on the Premises, whether the same is exempt from execution or not, and on the premises, whether the same is exempt from execution or not, and on the rents of all improvements and buildings situated on the Premises for all costs, attorney's fees, rent reserved, taxes, and assessments paid by Lessor on behalf of Lessee and for the payment of all money as provided in this Lease to be paid by Lessee, and such lien shall continue until the amounts are paid.

On or before the last day of the term or the sooner termination thereof, Lessee, if not then in default, shall remove all trade fixtures, operating equipment and other personal property of Lessee from the Premises and repair any damage occasioned by any such removal. Property not so removed shall be deemed abandoned by Lessee.

28. Termination. Lessee shall be responsible for complying with the ADA and Lessee

shall defend, indemnify and hold harmless Lessor against any and all claims regarding non-compliance with any requirement of the ADA. All costs relating to any required improvements or modifications to the Premises, and any existing improvements thereon, shall be borne by Lessee. Notwithstanding any other provision of this Lease to the contrary, any improvements to the Premises constructed by Lessee shall be in compliance with the ADA.

31. Compliance with Laws. Lessee shall comply with all federal, state, and county laws pertaining to the Premises and activities conducted on the Premises, now in force or which may hereinafter be in force.

NARRATIVE APPLICATION

1. ***Provide a description of the nature and purpose of the agency requesting the lease or license- to-occupy, including:***
 - a. *Goals of the Organization*
 - b. *Population clientele served*
 - c. *Services provided (including numbers served)*
 - d. *Sources of funding/support for the organizations services and activities*
 - e. *Administrative/management structure*

Hale Makua Health Services (HMHS) was established by the Maui community in 1946, shortly after World War II, to care for frail, vulnerable elders who needed 24-hour care and support, and who had no family to care for them or resources to provide the care. From its humble beginning 71 years ago, HMHS has grown from a single 24-bed residential home to include two nursing homes with rehab centers, a home health care agency, an adult day health center, and an adult residential care home. Our mission, "We improve the well-being of those in our care through compassionate personalized health services, in our home and yours" reflects the commitment we have to providing quality care with competence and compassion to Maui's frail elders and disabled individuals of all ages throughout the continuum of healthcare services that the organization provides.

Hale Makua Health Services is the ninth largest non-government employer, employing over 450 Maui residents in a variety of fields ranging from nursing and nutrition services to human resources and finance. The organization contributes over \$34 million annually to the economy and serves over 1,200 frail elderly and disabled individuals in its homes and in the community annually.

- a. **Goals of the Organization**
 - Increase skilled nursing facility days by 860 days annually
 - Increase intermediate care days at the nursing homes by 2,801 days annually
 - Decrease overtime incurred at Hale Makua Kahului by 10%
 - Modify payer contracts for a financially beneficial payment structure
 - Partner with Maui Medical Group to provide physician services an eliminating the need to pay for a physician to fly in from the mainland
 - Continue to secure \$400,000 in State funding to help cover the cost of providing care for the under- and uninsured
 - Create a master plan for Hale Makua Kahului that will expand services and provide a continuum of health care services for Maui's frail elderly and disabled individuals

b. Population clientele served

Hale Makua Healthy Services serves Maui County residents and visitors of all ages, primarily individuals over the age of 65 and are low income.

c. Services provided (including numbers served)

The organization's primary services are centered on the two nursing homes with attached rehab center, which have a total of 344 federally and state licensed beds for providing skilled and intermediate nursing care services, including in-patient and out-patient physical, occupational and speech therapy. HMHS is the largest long-term care provider on the island of Maui, serving about 750 individuals annually and discharging over 50% of individuals served back to their own home. The only other nursing home provider is Kula Hospital with 104 beds.

In addition to its two nursing homes, HMHS has a CHAP-accredited home health care agency, which provides skilled nursing and therapy (physical, occupational and speech) services in the comfort of clients' homes. About 400 individuals are served annually through the home health program.

The adult day health center is the only licensed Adult Day Health program on the island of Maui, and provides day care services and an exercise program for clients during the day and cares for about 75 seniors annually.

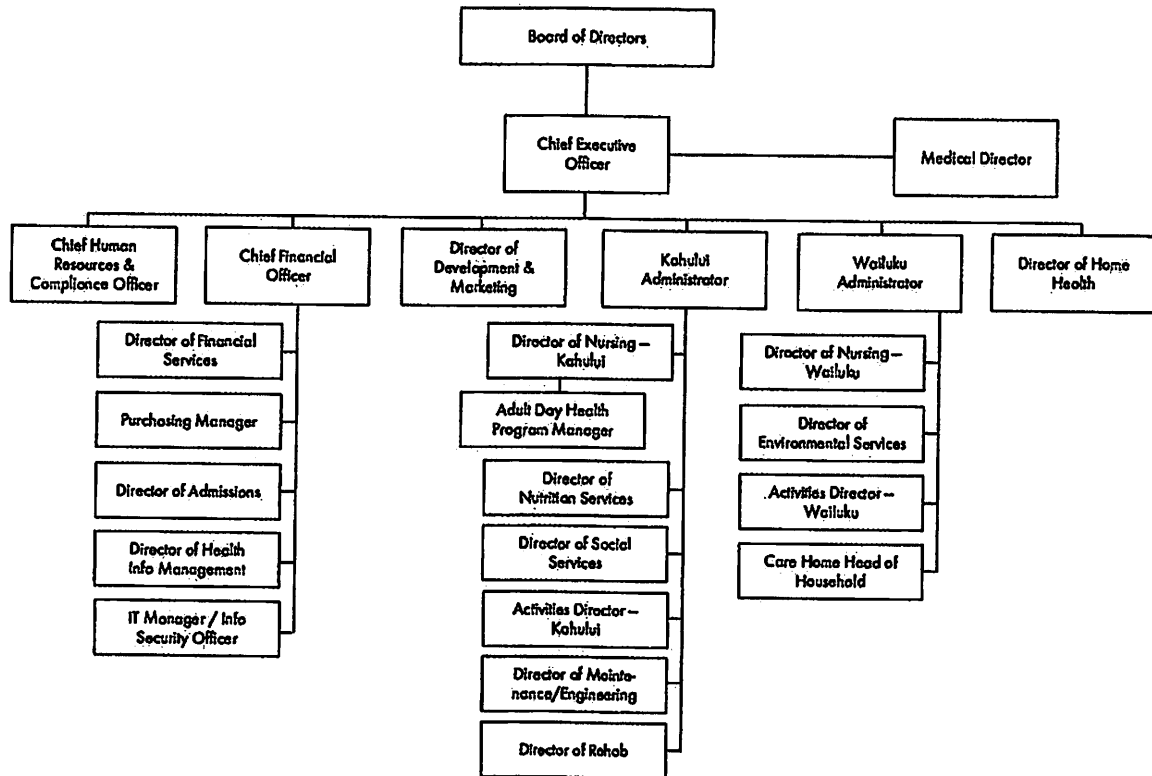

Most recently in 2013, HMHS converted a wing of the Wailuku nursing home that had been closed due to a severe decline in census to a licensed Adult Residential Care Home for up to 22 residents. The care home provides care for individuals who need around the clock supervision and some assistance with activities of daily living. The care home cares for about 25 individuals annually, including respite care from three to 30 days.

d. Sources of funding / support for the organization's services and activities

Funding of Hale Makua Health Services' operations comes primarily through government reimbursements from Medicare and Medicaid. Medicaid is an eligibility program for persons who qualify for financial assistance and Medicare is an entitlement program for persons who have paid into the social security system. Over 85% percent of the residents at Hale Makua Wailuku and over 75% of the nursing home residents at Hale Makua Kahului are Medicaid recipients. Medicaid payments do not cover the full cost of care per day. In fact, Hale Makua loses between \$9 – 11 per day, per Medicaid resident. Medicare provides coverage for 6% of the residents at Kahului Hale Makua and 2% at Wailuku Hale Makua. Private or Kaiser healthcare insurance provides coverage for an average of 13-14% of the residents.

In addition, Hale Makua Health Services is actively engaged in fundraising to support its mission and programs. Through State and County grants, special events, annual appeals and other fundraising activities, Hale Makua raised over \$1.3 million in 2017.

e. Administrative / management structure

2. Please explain the intended usage of the facility (or site) for which the lease/license-to-occupy is being requested. Included information about:

- The specific use(s)/activity(ies) to be conducted at the facility/site*
- The reason and justification of need for these services/activities*
- The target population to be served at the facility/site*
- The estimated average number of people using the facility/site on a weekly basis*
- The frequency of use (i.e. daily, monthly, quarterly, etc. and number of hours per day) of the facility/site*

a. The specific use(s)/activity(ies) to be conducted at the facility/site

The site will be utilized to expand Hale Makua Health Services' existing healthcare services to potentially include:

- A 54-bed Expanded Adult Residential Care Home (ARCH) II for individuals needing moderate assistance to nursing home level of care, potentially dedicating a portion of beds for memory care
- A state-of-the art rehabilitation center to provide in-patient and out-patient physical, occupational and speech therapy with 45 private rooms

b. The reason and justification of need for these services/activities

According to the 2010 Census, Maui's resident population is expected to grow from 129,471 in 2005 to 176,687 in 2030; indicating a population increase of 16% between 2010 and 2020. In next five years on Maui there will be a 9% increase in the 85 and over cohort and a 37% increase in the 75-84 cohort.

Contributing to the explosion in numbers is the surge of Baby Boomers, and an overall longer life expectancy. Nationally, baby boomers have not reached the typical age for nursing home level of care, there will be significant growth nationwide and increased demand for these services

Maui also sees an in-migration of retirees. By 2030, individuals over the age of 65 will represent 20% (35,337 people) of Maui's population. In comparison only 5.88% of Maui's population was over the age of 65 in 1970. This indicates that there will be even greater numbers of individuals exiting the workforce, and even more individuals who may eventually need nursing care as they age.

c. The target population to be served at the facility/site

The target population to be served are seniors who live on the Island on Maui, and individuals who need skilled therapy in recovering from injury or illness.

d. The estimated average number of people using the facility/site on a weekly basis

For phase 1 and 2, approximately 261 people could use the facilities at any given time, plus staff. For future phases, there is potentials that an additional 225 individuals could be served, plus staff. At this time staffing ratios have not yet been determined.

e. The frequency of use (i.e. daily, monthly, quarterly, etc. and number of hours per day) of the facility/site

Individuals being provided housing and rehabilitation services on-site would most likely use the site around the clock daily. Whereas individuals attending Adult Day Health and Adult Day Care programs could vary in attendance of eight to nine hours on one to six days per week. Usage of the senior services center could range from daily to monthly.

3. Explain how/where the services/activities described above are currently being carried out and how use of the requested facility/site will improve delivery of these services/activities.

Currently Hale Makua Health Services provides rehabilitation, nursing home and adult day health services at the Hale Makua Kahului facility located at 472 Kaulana Street in Kahului. The nursing home has 254 beds licensed for skilled and intermediate care. Of those beds, only 16 are dedicated to individuals needing rehabilitation. At times there are 35+ individuals who reside at Hale Makua Kahului who are in need of in-patient therapy. The existing number of dedicated bedrooms and the 1,500 square foot rehab gym are not

sufficient for these demands. In addition, the current 1,000 square foot Adult Day Health center cannot accommodate more than 40 program participants limiting the number of seniors that we are able to provide services to. As the only provider of a State-licensed adult day health program that provides therapeutic exercise, there will be an increasing need as Maui's aging population grows, and the existing space will not be able to grow to meet the need.

By relocating the rehab and adult day health services in Kahului to the requested site, Hale Makua Health Services will be better positioned to meet the demands of Maui's growing senior population by providing more options and greater availability of senior and healthcare related services in a centralized area. In addition, phase two of this project will give seniors more affordable living options, enable seniors to age in place, and create a continuum of retirement services in a centralized location on Maui.

4. *Describe the management plan for the facility / site. Who and how will daily management of the facility / site be handled?*

Daily management of the facility will be the same as the management of the current programs. The Director of Rehab currently located at Hale Makua Kahului will be relocated to the new rehab facility with oversight provided by the Hale Makua Kahului Administrator. A Head of Household will be hired to oversee operations of the new ARCH II expanded buildings. The current Adult Day Health Program Manager at Hale Makua Kahului will be relocated to oversee Adult Day Health and Adult Day Care operations at the new site. Central plant and services which include maintenance, purchasing, business office, marketing, admissions and nutrition services will be expended to serve these relocated operations as well as current operations.

5. *What would the impact be on the services/activities to be conducted at/through the facility/site if a lease/license to occupy is not granted?*

If the site were not granted, Hale Makua Health Services' operations would remain as they are currently. At this time, this lease presents a huge opportunity for the organization to expand senior care services a critical time when the senior population on Maui is growing and the potential demand will exceed current supply. The potential impact to the Maui community is that there will not be enough in-patient rehab beds or senior day care space to meet the Island's future needs.

In addition, Hale Makua Health Services' facilities in Kahului and Wailuku are aging and were built in 1978 and 1966 respectively. The organization recently completed a study on the cost to maintain and repair both facilities. Without a change to current programing and current reimbursement, the costs to maintain and repair the facilities over the next few years are so prohibitive, they would jeopardize the organization's ability to continue providing care for Maui's frail elderly and disabled individuals.

6. *If major improvements/construction is planned on the requested site, please provide the following:*

- a. Budget including projected costs and funding sources and amounts. Please identify firm/committed funding sources and amounts.*
- b. Description of the planned improvement including plans or at least a conceptual drawing(s) of the facility.*

- a. Budget including projected costs and funding sources and amounts. Please identify firm / committed funding sources and amounts.**

Hale Makua Health Services is currently in the process obtaining cost estimates, which will be followed by a plan to secure funding.

- b. Description of the planned improvement including plans or at least a conceptual drawing(s) of the facility.**

Conceptual site plan drawings are attached.

EXHIBIT " I "

WHEREAS, the facilities contained within KCC are further described in Exhibit "A," attached hereto and incorporated herein; and

WHEREAS, KCC is situated between facilities belonging to Hale Makua and Hale Mahaolu; and

WHEREAS, Hale Makua is interested in expanding its facilities and operations; and

WHEREAS, the Parties envision KCC as a park area with an emphasis on senior citizen use, with the control and management of KCC gradually placed under Hale Makua as further planning is completed; and

WHEREAS, the Parties prepared this Lease for portions of KCC in the hopes that it will allow for Hale Makua to plan for its future expansion while making clear the overall intent is to have the entire parcel be part of a larger senior activity area;

NOW, THEREFORE, County, for and in consideration of Hale Makua's covenants and agreements set forth herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, does hereby agree to grant a lease to Hale Makua and Hale Makua hereby accepts said lease on the terms and conditions set forth below:

A. Premises. The Premises shall comprise two contiguous portions of land within KCC. The portion identified as Phase 1 and containing the gateball field with field house is comprised of approximately 2.831 acres and is more particularly described in Exhibit "B," attached hereto and incorporated herein, and the portion identified as Phase 2 and containing the Kahului community center building, annex (referred to as a "Performing Arts building" in Exhibit "3" attached hereto), and surrounding areas is comprised of approximately 4.570 acres and is more particularly described in Exhibit "C," attached hereto and incorporated herein. Both portions are also depicted in the Designation of Phases plan attached hereto and made a part hereof as Exhibit "D." The remaining portions of KCC, including Kokua Pool, shall not be included in this Lease and shall remain under the control and management of the County.

B. Term. The term of this Lease shall be seventy-five (75) years, commencing upon its execution, unless sooner terminated as provided herein.

C. Control and Management of Premises. The control and management of the Premises shall be placed under Hale Makua in phases. Control and management of Phase 1 shall be transferred to Hale Makua upon execution of this Lease while control and management of Phase 2 shall be transferred to Hale Makua at a time mutually agreed upon by the Director of Parks and Recreation ("Director") and Hale Makua.

The transfer of Phase 2 shall be memorialized by the Parties, in writing. Said transfer documents shall be recorded with the State of Hawaii's Bureau of Conveyances.

Hale Makua shall not be responsible or liable for any areas that are not under its control and management, with the understanding that Hale Makua shall bear full liability and responsibility for those areas under its control and management.

It is the understanding of the parties that Hale Makua may not take control of the drainage areas.

D. Use of Premises. Hale Makua shall utilize all areas of KCC under its control and management to further its purpose as a Hawaii nonprofit corporation. Residential use shall be permitted to the extent it furthers Hale Makua's goals and purpose as a Hawaii nonprofit corporation.

E. Maintenance. The areas of KCC under the control and management of Hale Makua shall be maintained at all times in clean and usable condition for the term of this Lease. If the Director determines, in the Director's sole but reasonable discretion, that the areas are not being properly maintained, the Director may transmit a written notice to Hale Makua outlining the request for maintenance. Failure to initiate a cure within thirty (30) days and fully remedy said maintenance issue(s) within ninety (90) days of receipt of written notice, to the reasonable satisfaction of the Director, shall be deemed a breach of this Lease; provided, however, in the case of maintenance issue(s) that cannot be fully remedied within ninety (90) days of receipt of written notice or where a cure cannot be initiated within thirty (30) days of receipt of written notice, Hale Makua shall commence promptly to cure the maintenance issue(s) and thereafter diligently undertake the curing of said maintenance issue(s) until said maintenance issue(s) are remedied to the reasonable satisfaction of the Director. The time within which the maintenance issue(s) may be cured may be extended for such period as deemed necessary by the Director to complete the curing thereof with diligence. Failure to cure said maintenance issue(s) to the reasonable satisfaction of the Director within the time frame set forth by the Director shall be deemed a breach of this Lease.

F. Shared Use. The Parties agree to work together to ensure that County and Hale Makua operations may be conducted harmoniously.

G. Permit Required. In the event that Hale Makua desires to have temporary, exclusive use of portions of KCC, outside of the Premises, Hale Makua shall apply for a use permit with the Department of Parks and Recreation.

H. Conditions of Grant of Real Property. As the recipient of a grant of a lease of County real property, Hale Makua shall comply with all requirements of Chapter 3.36, Maui County Code, Maui County Grants Program. Within three (3) weeks after the end of each fiscal year, Lessee shall transmit to the Department of Parks and Recreation a report, using Exhibit "E," provided herewith, containing the following information for the previous fiscal year:

1. Program status summary.
2. Program data summary.
3. Summary of participant characteristics.
4. Changes in real property tax assessment for the real property.
5. Earnings from the grant of real property.
6. Narrative report.

I. KCC Master Plan and Future Lease Expansion. The Parties recognize that KCC provides an ideal location in terms of its proximity to senior living and care facilities, to establish a holistically planned community for servicing the County's frail and elderly communities. The Parties envision working together as partners, to develop a Master Plan for the future development of KCC, taking into account the needs of the community as a whole and the various KCC user groups. When the Parties agree that the County has adequate or replacement facilities for facilities at KCC and Hale Makua is prepared to take control and management of other areas of KCC, the Parties shall submit to the Council, for its approval by resolution, a Lease Amendment expanding the Premises under the Lease. No transfer shall take place without Council approval.

J. Breach. In the event of a material breach of any term of this Lease, the County shall have the authority to enjoin the entry upon and use of KCC by Hale Makua. If after sixty (60) calendar days the material breach or breaches have not been remedied to the Director's reasonable satisfaction, the Director may unilaterally terminate this Lease. The materiality of a breach shall be determined in the Director's sole and absolute discretion.

The County may also pursue all available legal and equitable remedies for enforcement and shall be entitled to an award of attorney's fees and court costs if the County is the prevailing party.

K. Termination. In the event that Hale Makua ceases operations at any time after the execution of this Lease, this Lease shall automatically

terminate. The Parties may terminate this Lease by mutual agreement, in writing, upon ninety (90) days notice.

L. Modifications. The Premises described in Paragraph A of the Lease, Term described in Paragraph B, and Use of Premises described in Paragraphs D and F may be amended, upon mutual agreement by the Parties, by Council resolution. Other modifications to the Lease shall be in writing and upon mutual agreement of the Parties, although Council approval is not required.

M. General Terms and Conditions. Hale Makua shall comply with the General Terms and Conditions attached hereto and incorporated herein as Exhibit "F." In the event of a conflict or inconsistency between the General Terms and Conditions and the terms contained in the body of this Lease, the terms in the body of this Lease shall control.

Lessee shall indemnify and hold harmless Lessor from and against any and all claims relating to hazardous materials arising from this Lease. The obligations of Lessee under this section shall survive the expiration or earlier termination of the Lease without limitation.

Lessor further reserves the right to authorize public access over, across, under and through the Premises.

The Carrier shall be rated no less than "A-" as established by "AM Best" or "Standard and Poor" ratings.

The insurance policy, as evidenced by issuance of a "Policy Endorsement", shall name Lessor, the State of Hawaii, and their respective officers, employees and agents as "Additional Named Insured", and shall include a duty to defend Lessor, State of Hawaii, and their respective officers, employees and agents against any loss, liability, claims, and demands for injury or damage, including but limited to, claims for property damage, personal injury, or wrongful death, arising out of, or in connection with Lessee's actions and/or use of Premises.

Unless otherwise agreed to through the joint decision and discretion of the Director of the Department of Finance and the Director, Department of Parks and Recreation, the insurance policy shall contain the following minimum requirements:

If the scheduled expiration date of a current insurance policy is sooner than the specified termination date of this Lease, the Lessee shall, upon renewal of the insurance policy, provide the County with a copy of the renewed insurance policy certificate together with the required endorsements.

Unless waived by Lessor, the insurance policy shall expressly state that the coverage provided under such policy shall not be cancelled or terminated, unless the Carrier has first given Lessor thirty (30) calendar days prior written notice of the intended cancellation or termination.

If at any time, and from time to time, a higher limit or other requirements shall be deemed appropriate, customary, or necessary, in the reasonable discretion of the Director of Finance, the Director of Parks and Recreation, or both, Lessee shall obtain and maintain such coverage.

All such policies shall be made payable to Lessor and Lessee as their interests may appear (it being understood and agreed that Lessor's interest shall be limited to permanent fixtures and other installations which are not removable by Lessee upon the termination of this Lease), and shall provide for a deductible of not more than \$5,000.00. and place the same are payable. 22. Condemnation. If at any time during the term of this Lease any portion of the leased Premises should be condemned or required for public purposes by the State of Hawaii or the United States, Lessee shall be entitled to receive from the condemning authority the proportionate value of Lessee's permanent improvements so taken in the proportion that it bears to the unexpired term of this Lease; provided that Lessee may, in the alternative, remove and relocate Lessee's improvements to the remainder of the Premises occupied by Lessee. Lessee shall not by reason of the condemnation be entitled to any claim against Lessor for condemnation or indemnity for its interest in this Lease and all compensation payable or to be paid for or on account of this Lease by reason of the condemnation, except as aforesaid as to Lessee's improvements, shall be payable to and be the sole property of Lessor. Where the portion taken renders the remainder unsuitable for the use or uses for which the land was leased, Lessee shall have the option to surrender this Lease and be discharged and relieved from any further liability therefor; provided that Lessee may remove the permanent improvements constructed, erected and placed by it within such reasonable period as may be allowed by Lessor. shall defend, indemnify and hold harmless Lessor against any and all claims regarding non-compliance with any requirement of the ADA. All costs relating to any required improvements or modifications to the Premises, and any existing improvements thereon, shall be borne by Lessee. Notwithstanding any other provision of this Lease to the contrary, any improvements to the Premises constructed by Lessee shall be in compliance with the ADA.

NARRATIVE APPLICATION

1. ***Provide a description of the nature and purpose of the agency requesting the lease or license- to-occupy, including:***
 - a. *Goals of the Organization*
 - b. *Population clientele served*
 - c. *Services provided (including numbers served)*
 - d. *Sources of funding/support for the organizations services and activities*
 - e. *Administrative/management structure*

Hale Makua Health Services (HMHS) was established by the Maui community in 1946, shortly after World War II, to care for frail, vulnerable elders who needed 24-hour care and support, and who had no family to care for them or resources to provide the care. From its humble beginning 71 years ago, HMHS has grown from a single 24-bed residential home to include two nursing homes with rehab centers, a home health care agency, an adult day health center, and an adult residential care home. Our mission, "We improve the well-being of those in our care through compassionate personalized health services, in our home and yours" reflects the commitment we have to providing quality care with competence and compassion to Maui's frail elders and disabled individuals of all ages throughout the continuum of healthcare services that the organization provides.

Hale Makua Health Services is the ninth largest non-government employer, employing over 450 Maui residents in a variety of fields ranging from nursing and nutrition services to human resources and finance. The organization contributes over \$34 million annually to the economy and serves over 1,200 frail elderly and disabled individuals in its homes and in the community annually.

- a. **Goals of the Organization**
 - Increase skilled nursing facility days by 860 days annually
 - Increase intermediate care days at the nursing homes by 2,801 days annually
 - Decrease overtime incurred at Hale Makua Kahului by 10%
 - Modify payer contracts for a financially beneficial payment structure
 - Partner with Maui Medical Group to provide physician services an eliminating the need to pay for a physician to fly in from the mainland
 - Continue to secure \$400,000 in State funding to help cover the cost of providing care for the under- and uninsured
 - Create a master plan for Hale Makua Kahului that will expand services and provide a continuum of health care services for Maui's frail elderly and disabled individuals

b. Population clientele served

Hale Makua Healthy Services serves Maui County residents and visitors of all ages, primarily individuals over the age of 65 and are low income.

c. Services provided (including numbers served)

The organization's primary services are centered on the two nursing homes with attached rehab center, which have a total of 344 federally and state licensed beds for providing skilled and intermediate nursing care services, including in-patient and out-patient physical, occupational and speech therapy. HMHS is the largest long-term care provider on the island of Maui, serving about 750 individuals annually and discharging over 50% of individuals served back to their own home. The only other nursing home provider is Kula Hospital with 104 beds.

In addition to its two nursing homes, HMHS has a CHAP-accredited home health care agency, which provides skilled nursing and therapy (physical, occupational and speech) services in the comfort of clients' homes. About 400 individuals are served annually through the home health program.

The adult day health center is the only licensed Adult Day Health program on the island of Maui, and provides day care services and an exercise program for clients during the day and cares for about 75 seniors annually.

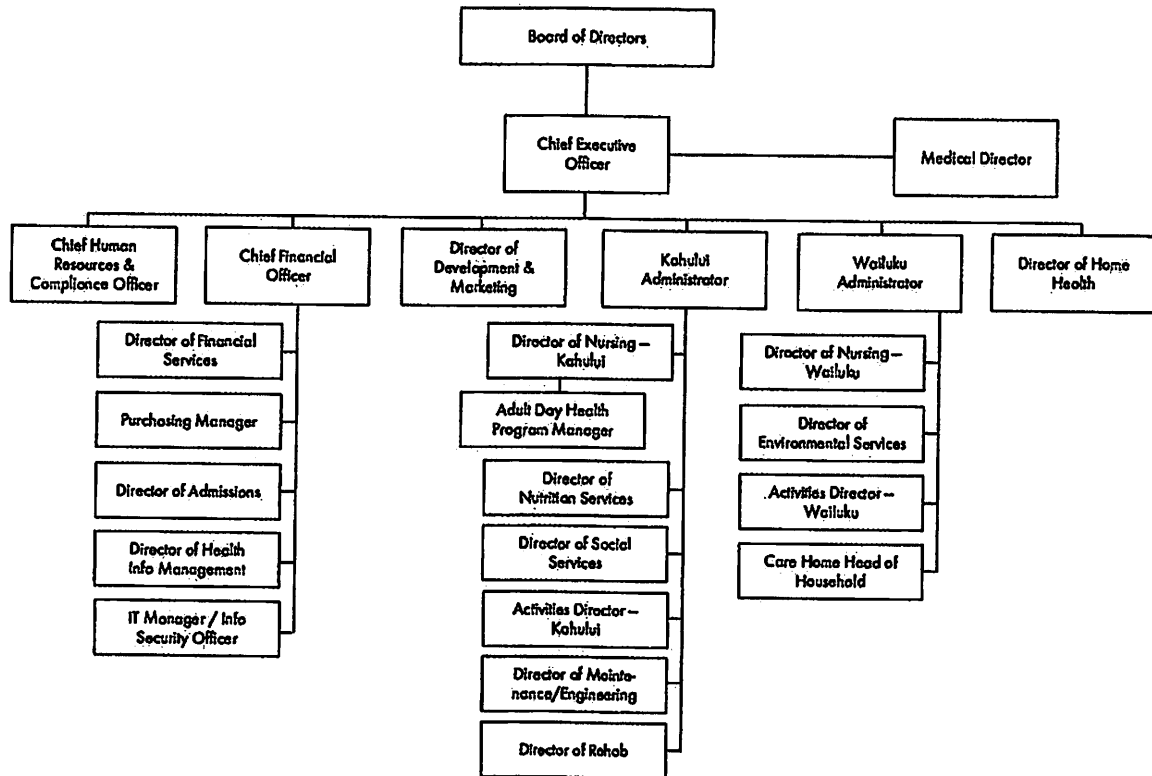

Most recently in 2013, HMHS converted a wing of the Wailuku nursing home that had been closed due to a severe decline in census to a licensed Adult Residential Care Home for up to 22 residents. The care home provides care for individuals who need around the clock supervision and some assistance with activities of daily living. The care home cares for about 25 individuals annually, including respite care from three to 30 days.

d. Sources of funding / support for the organization's services and activities

Funding of Hale Makua Health Services' operations comes primarily through government reimbursements from Medicare and Medicaid. Medicaid is an eligibility program for persons who qualify for financial assistance and Medicare is an entitlement program for persons who have paid into the social security system. Over 85% percent of the residents at Hale Makua Wailuku and over 75% of the nursing home residents at Hale Makua Kahului are Medicaid recipients. Medicaid payments do not cover the full cost of care per day. In fact, Hale Makua loses between \$9 – 11 per day, per Medicaid resident. Medicare provides coverage for 6% of the residents at Kahului Hale Makua and 2% at Wailuku Hale Makua. Private or Kaiser healthcare insurance provides coverage for an average of 13-14% of the residents.

In addition, Hale Makua Health Services is actively engaged in fundraising to support its mission and programs. Through State and County grants, special events, annual appeals and other fundraising activities, Hale Makua raised over \$1.3 million in 2017.

e. Administrative / management structure

2. Please explain the intended usage of the facility (or site) for which the lease/license-to-occupy is being requested. Included information about:

- The specific use(s)/activity(ies) to be conducted at the facility/site*
- The reason and justification of need for these services/activities*
- The target population to be served at the facility/site*
- The estimated average number of people using the facility/site on a weekly basis*
- The frequency of use (i.e. daily, monthly, quarterly, etc. and number of hours per day) of the facility/site*

a. The specific use(s)/activity(ies) to be conducted at the facility/site

The site will be utilized to expand Hale Makua Health Services' existing healthcare services to potentially include:

- A 54-bed Expanded Adult Residential Care Home (ARCH) II for individuals needing moderate assistance to nursing home level of care, potentially dedicating a portion of beds for memory care
- A state-of-the art rehabilitation center to provide in-patient and out-patient physical, occupational and speech therapy with 45 private rooms

b. The reason and justification of need for these services/activities

According to the 2010 Census, Maui's resident population is expected to grow from 129,471 in 2005 to 176,687 in 2030; indicating a population increase of 16% between 2010 and 2020. In next five years on Maui there will be a 9% increase in the 85 and over cohort and a 37% increase in the 75-84 cohort.

Contributing to the explosion in numbers is the surge of Baby Boomers, and an overall longer life expectancy. Nationally, baby boomers have not reached the typical age for nursing home level of care, there will be significant growth nationwide and increased demand for these services

Maui also sees an in-migration of retirees. By 2030, individuals over the age of 65 will represent 20% (35,337 people) of Maui's population. In comparison only 5.88% of Maui's population was over the age of 65 in 1970. This indicates that there will be even greater numbers of individuals exiting the workforce, and even more individuals who may eventually need nursing care as they age.

c. The target population to be served at the facility/site

The target population to be served are seniors who live on the Island on Maui, and individuals who need skilled therapy in recovering from injury or illness.

d. The estimated average number of people using the facility/site on a weekly basis

For phase 1 and 2, approximately 261 people could use the facilities at any given time, plus staff. For future phases, there is potentials that an additional 225 individuals could be served, plus staff. At this time staffing ratios have not yet been determined.

e. The frequency of use (i.e. daily, monthly, quarterly, etc. and number of hours per day) of the facility/site

Individuals being provided housing and rehabilitation services on-site would most likely use the site around the clock daily. Whereas individuals attending Adult Day Health and Adult Day Care programs could vary in attendance of eight to nine hours on one to six days per week. Usage of the senior services center could range from daily to monthly.

3. Explain how/where the services/activities described above are currently being carried out and how use of the requested facility/site will improve delivery of these services/activities.

Currently Hale Makua Health Services provides rehabilitation, nursing home and adult day health services at the Hale Makua Kahului facility located at 472 Kaulana Street in Kahului. The nursing home has 254 beds licensed for skilled and intermediate care. Of those beds, only 16 are dedicated to individuals needing rehabilitation. At times there are 35+ individuals who reside at Hale Makua Kahului who are in need of in-patient therapy. The existing number of dedicated bedrooms and the 1,500 square foot rehab gym are not

sufficient for these demands. In addition, the current 1,000 square foot Adult Day Health center cannot accommodate more than 40 program participants limiting the number of seniors that we are able to provide services to. As the only provider of a State-licensed adult day health program that provides therapeutic exercise, there will be an increasing need as Maui's aging population grows, and the existing space will not be able to grow to meet the need.

By relocating the rehab and adult day health services in Kahului to the requested site, Hale Makua Health Services will be better positioned to meet the demands of Maui's growing senior population by providing more options and greater availability of senior and healthcare related services in a centralized area. In addition, phase two of this project will give seniors more affordable living options, enable seniors to age in place, and create a continuum of retirement services in a centralized location on Maui.

4. *Describe the management plan for the facility / site. Who and how will daily management of the facility / site be handled?*

Daily management of the facility will be the same as the management of the current programs. The Director of Rehab currently located at Hale Makua Kahului will be relocated to the new rehab facility with oversight provided by the Hale Makua Kahului Administrator. A Head of Household will be hired to oversee operations of the new ARCH II expanded buildings. The current Adult Day Health Program Manager at Hale Makua Kahului will be relocated to oversee Adult Day Health and Adult Day Care operations at the new site. Central plant and services which include maintenance, purchasing, business office, marketing, admissions and nutrition services will be expended to serve these relocated operations as well as current operations.

5. *What would the impact be on the services/activities to be conducted at/through the facility/site if a lease/license to occupy is not granted?*

If the site were not granted, Hale Makua Health Services' operations would remain as they are currently. At this time, this lease presents a huge opportunity for the organization to expand senior care services a critical time when the senior population on Maui is growing and the potential demand will exceed current supply. The potential impact to the Maui community is that there will not be enough in-patient rehab beds or senior day care space to meet the Island's future needs.

In addition, Hale Makua Health Services' facilities in Kahului and Wailuku are aging and were built in 1978 and 1966 respectively. The organization recently completed a study on the cost to maintain and repair both facilities. Without a change to current programing and current reimbursement, the costs to maintain and repair the facilities over the next few years are so prohibitive, they would jeopardize the organization's ability to continue providing care for Maui's frail elderly and disabled individuals.

6. *If major improvements/construction is planned on the requested site, please provide the following:*

- a. Budget including projected costs and funding sources and amounts. Please identify firm/committed funding sources and amounts.*
- b. Description of the planned improvement including plans or at least a conceptual drawing(s) of the facility.*

- a. Budget including projected costs and funding sources and amounts. Please identify firm / committed funding sources and amounts.**

Hale Makua Health Services is currently in the process obtaining cost estimates, which will be followed by a plan to secure funding.

- b. Description of the planned improvement including plans or at least a conceptual drawing(s) of the facility.**

Conceptual site plan drawings are attached.
