

HOLD FOR MEETING

AH-1(1)

August 25, 2021. Reconvened Committee Meeting

MAUI COUNTY COUNCIL
Amendment Summary Form

Legislation: Resolution approving with modifications the Hōkūao Housing Project .

Proposer: Councilmember Sugimura. *Yuko Lei Sugimura*

Description: Add modifications relating to teacher housing for teachers at Lānaʻi High and Elementary School.

Motion: Move to insert the following modification in Exhibit "B".

The Developer will reserve ten affordable units in the Hōkūao development for teachers on Lānaʻi. As with any applicant for the affordable units, teachers will be required to complete the same application and verification process. Should there be fewer than ten teachers that qualify or apply for these units, the Developer has the ability to offer the remaining reserved units to other qualified applicants.

Reasons: Public education is vital to our communities. Teacher retention and constant turnover is a massive problem, particularly in our rural communities. Providing stable, safe, and affordable housing for teachers will help improve teacher retention and the quality of education afforded to our keiki.
