**MORATORIUM ON EXPORTING SAND, THE MAUI INLAND SAND RESOURCE QUANTIFICATION STUDY AND SAND MINING REGULATION (IEM-33)**

The Committee is in receipt of the following:

1. County Communication 17-214, from the Mayor, relating to a moratorium on exporting sand and referencing the Maui Inland Resource Quantification Study originally transmitted in February 2006, identifying a potential life-span of five to seven years for mining of inland sand and exporting of sand to Oahu.
2. County Communication 17-215, from Councilmember Alikea Atay, relating to sand and aggregate mining and export in Maui County.
3. Correspondence dated October 24, 2017 to the Department of the Corporation Counsel transmitting a revised proposed bill entitled "A BILL FOR AN ORDINANCE ESTABLISHING A NEW CHAPTER 20.40, MAUI COUNTY CODE, DECLARING A MORATORIUM ON SAND MINING." The purpose of the revised proposed bill is to prohibit sand mining activities to allow for an update of the Maui Inland Sand Resource Quantification Study (2006), analysis on the availability of inland sand, and the adoption of an ordinance regulating mining, grading, excavation, extraction, or stockpiling of inland sand.

The Committee may recommend passage of the revised proposed bill on first reading, with or without revisions. The Committee may also consider the filing of County Communications 17-214 and 17-215 and other related action.
