WASTEWATER INFRASTRUCTURE NEEDS (IT-36)

The Committee is in receipt of County Communication 17-99, from Councilmember Elle K. Cochran, relating to wastewater infrastructure needs and transmitting a report, dated July 20, 2016, from the Maui Nui Marine Resource Council, entitled "Options to Improve Wastewater Management in South Maui." The report provides background information and recommendations relating to wastewater management in South Maui, from Maalaea to Makena, and recommendations for the Kihei Wastewater Reclamation Facility, located in Kihei, Maui, Hawaii.

The Committee may discuss matters related to the Kihei Wastewater Reclamation Facility Grit System Replacement Project, including the study performed by Brown and Caldwell in 2018 recommending that the County continue to employ its status quo operations for grit removal. The Committee may receive an update from the Department of Environmental Management and discuss related matters. No legislative action will be taken.
